ॐ सूर्यनारायणाय नमः

जपाकुसुमसंकाशं काश्यपेयं महाद्युतिम्
तमोऽरिं सर्वपापघ्नं प्रणातोऽस्मि दिवाकरम्

The worship of the Sun is as old as civilization.

I bow to you, O Surya, the Son of Kashyapa Muni, the destroyer of darkness and all sins, whose luster is like that of red Jaswand Flower. The worship of the Sun is as old as civilization.

The Sun that awakens man from darkness, the Sun that is so brilliant that it cannot be seen by the naked eye evokes awe in the human mind. In the Rig-Veda, Surya has been described as the life (atma) of all creation. Surya is praised as the God of Gods (Rig-Veda 1.50.10). Homage is paid to Surya by chanting special names while offering him salutation-Surya Namaskara. These twelve names that we use to worship Surya serve to remind us of his glory and power and to be eternally grateful for his constant blessings in our life here on earth.

**Suryadatta Group of Institutes,
One can find no substitutes,
A warm and welcoming ambience,
Tutoring provided par excellence**

**Quality with equality is the essence,
There are modern courses which have relevance
The students are in a state of jubilation,
They gain enlightenment without hindrance
In today's times' it holds great reverence,**

**As it is a centre of academic excellence
Since long has been its very existence,
Hence, far and wide has spreads its fragrance**

By Suryans

Our Inspiration

"One must continuously strive for excellence and perfection in any assignment however small and never be satisfied with the second best"

J. R. D. TATA

"Awake, arise and stop not, till your goal is reached."

SWAMI VIVEKANANDA

"The success or failure of an organisation depends on people, on human beings, on their talent, on their initiative, on their ability to lead, and on co-ordination with others, to work as a team."

ADITYA BIRLA

"We must create a civilized society, where everybody has equal opportunity to better his or her life."

Suryabharat : Building Knowledge. Creating Enterprises. Delivering Impact

Welcome to Suryabharat Group – a future-focused Indian enterprise conceived to build integrated pathways across education, industry, and innovation. This is founded on a strong legacy of over 25 years in education leadership and the Chairman's extensive industry experience of more than two decades with Force Motors.

As a forward-looking conglomerate, our vision is rooted in building empowered institutions and enterprises that contribute to economic transformation, innovation, and human development – while uplifting communities and creating shared prosperity.

Suryabharat represents a unique ecosystem where education, industry, and services converge to create future-ready professionals, innovative enterprises, and sustainable solutions. Through its academic initiatives and diversified industry ventures, Suryabharat is committed to nation-building, skill development, entrepreneurship, and global collaboration.

Rooted in the principles of quality education, ethical governance, and innovation-driven growth, Suryabharat bridges the gap between learning and application, ensuring that knowledge translates into employability, enterprise creation, and societal advancement.

By fostering strong industry-academia linkages, promoting research, incubation, and experiential learning, and encouraging self-reliance and leadership, Suryabharat nurtures talent capable of addressing contemporary challenges and emerging opportunities.

Aligned with national priorities such as NEP 2020, Skill India, Startup India, and Atmanirbhar Bharat, Suryabharat serves as a catalyst for inclusive growth, economic resilience, and global competitiveness, contributing meaningfully to India's progress in a dynamic world.

Key Focus Areas:

- Emerging technologies & GenNext Skills
- Management & leadership readiness
- Legal, Cyber & forensic competence
- Employability, entrepreneurship & ethics
- Interdisciplinary & multidisciplinary learning (NEP 2020 aligned)
- Industry-integrated & experiential education
- Research, innovation & incubation
- Digital transformation & governance awareness
- Global competence & international orientation
- Social responsibility & sustainable development

About the Founder Director, Suryabharat Industries LLP

Professor Dr Sanjay B Chordiya

Founder President & Chairman, Suryadatta Education Foundation
Founder Director, Suryabharat Industries LLP

Prof. Dr. Sanjay B. Chordiya is the Founder and Director of Suryabharat Industries LLP and the visionary architect behind the Suryabharat Group of Industries. An entrepreneur, educationist, institution builder and strategic leader, he brings together more than three decades of experience in business leadership, higher education, innovation, skill development and enterprise creation.

Driven by the vision of "Building Enterprises. Integrating Knowledge. Driving a Viksit Bharat," he has conceptualised Suryabharat Industries as a diversified enterprise platform integrating education, technology, healthcare, manufacturing support, consulting, media, food & hospitality, innovation, startups and global collaborations into a single ecosystem for sustainable economic growth.

His professional journey combines valuable industrial exposure with Force Motors and over twenty-eight years of institution-building through the Suryadatta Education Foundation, enabling him to create a unique industry-academia-enterprise model that promotes innovation, entrepreneurship, research commercialization and employment generation.

Under his leadership, Suryabharat Industries LLP is being developed as a future-ready enterprise with strong emphasis on ethical governance, regulatory compliance, digital transformation, sustainability and scalable business models. The Group actively supports the national missions of Make in India, Startup India, Skill India, Digital India, Atmanirbhar Bharat and Viksit Bharat @2047.

His leadership philosophy is centred on creating an integrated ecosystem in which knowledge, talent, technology and entrepreneurship can be converted into sustainable enterprises and meaningful economic opportunities. He seeks to bring together professionals, academicians, industry leaders, entrepreneurs, investors and young talent to build ventures that are professionally managed, innovation-driven and capable of creating employment and wider social impact. Through this approach, Suryabharat Industries is envisioned not merely as a diversified business group, but as a platform for enterprise creation, collaboration and nation-building.

Prof Dr. Chordiya continues to guide the Group's strategic expansion through partnerships, incubation initiatives, technology-enabled businesses and global collaborations, with the objective of creating long-term value for society, industry, investors and future generations.

Message from the FOUNDER DIRECTOR

At Suryabharat Industries, our journey has been guided by a clear and enduring belief – that sustainable progress is built when education, industry, and innovation move forward together.

Over the years, we have consciously worked to create an integrated ecosystem that nurtures institutions, strengthens enterprises, and enables individuals to participate meaningfully in a rapidly evolving global economy. Our focus has never been on growth alone, but on building organisations and platforms that are resilient, relevant, and responsible.

India today stands at a pivotal moment, with immense opportunities driven by demographic strength, policy reforms, and global engagement. At Suryabharat, we see our role as a catalyst – bridging academia with industry, aligning skills with employability, and creating pathways that connect Indian capabilities with international opportunities.

As we look ahead, our priorities remain firmly anchored in strong governance, ethical leadership, innovation-led thinking, and long-term value creation. We are committed to collaborating with partners who share our vision of inclusive growth and global relevance, and to building institutions that contribute positively to society and the nation.

I invite you to engage with Suryabharat Industries as we continue this journey of purposeful growth and collective progress.

Prof Dr Sanjay B. Chordiya

About the Founder Director, Suryabharat Industries LLP

Mrs. Sushama S. Chordiya

Vice President & Secretary, Suryadatta Education Foundation
Founder Director, Suryabharat Industries LLP

Mrs. Sushama S. Chordiya serves as Founder Director of Suryabharat Industries LLP and contributes to shaping the strategic vision and organisational framework of the Group. She plays an important role in guiding the development of governance systems, administrative processes and organisational policies that will support the Group's long-term growth and sustainability.

With a strong commitment to ethical leadership, quality and responsible business practices, she works closely with the leadership team in conceptualising people-centric systems and collaborative frameworks that will foster innovation, operational excellence and stakeholder value as the organisation evolves.

Mrs. Chordiya is deeply committed to promoting entrepreneurship, women empowerment, youth development, education, healthcare, skill development and community welfare. She believes that sustainable businesses should create meaningful economic opportunities while contributing positively to society.

As Director, she is actively involved in strengthening the foundational framework of Suryabharat Industries LLP by supporting strategic planning, institutional development, corporate governance and the establishment of partnerships that align with the Group's long-term vision.

Her approach to leadership places strong emphasis on building an organisation founded on trust, inclusivity, professionalism and responsible growth. She seeks to ensure that the expansion of Suryabharat Industries is supported by strong organisational systems, effective people practices and a culture that values contribution, collaboration and continuous development. Her focus on empowering people and creating opportunities for women and youth adds an important social and human dimension to the Group's broader enterprise-building vision.

Her commitment to integrity, inclusivity and sustainable development continues to guide the Group's mission of building future-ready enterprises that contribute to India's vision of Viksit Bharat 2047.

Legacy - SURYADATTA GROUP OF INSTITUTES

Suryabharat Group of Industries marks the coming together of proven leadership in education and industry under a unified vision. While the Group has been recently launched, it draws upon over 27+years of experience in the education sector through institution-building, academic innovation, and skill development initiatives, along with the Chairman's more than 20 years of industry experience with Force Motors.

This combined legacy shapes the Group's disciplined approach to growth, its understanding of industry requirements, and its focus on employability, innovation, and long-term institutional strength. SBGI builds on this foundation to create scalable platforms aligned with national priorities and emerging global opportunities.

Suryadatta Education Foundation's SURYADATTA GROUP OF INSTITUTES

Established in 1999 under the aegis of Suryadatta Education Foundation, Suryadatta Group of Institutes has evolved into a multi-disciplinary integrated Institution offering wide range of academic programs from basic schooling to Doctorate degree across multiple disciplines such as Business Management, Information Technology, Commerce, Travel Tourism and Hospitality Management, Computer Applications, Interior design, Fashion Design, Event Management, Mass communication, Education, Animation, Law, Cyber Security, Physiotherapy, Pharmacy, Nursing, Film making, Beauty & Wellness, Health & Fitness, Performing Arts etc.

Campus @ 2026 Enriching Enlightening Academic Ambience

About the Group : SURYABHARAT INDUSTRIES LLP

Suryabharat Industries LLP is a diversified, future-oriented Indian enterprise group conceived to build an integrated ecosystem spanning education, skill development, innovation, enterprise creation, and global engagement. The Group represents a strategic evolution from decades of experience in education and institution-building into a broader, enterprise-led platform aligned with India's long-term economic and developmental priorities.

While newly launched as a Group, Suryabharat is founded on strong leadership credentials, combining over 25 years of experience in the education sector with the Chairman's more than two decades of industry exposure with Force Motors. This unique convergence of academic insight and industrial understanding shapes SBGI's approach to building scalable, compliant, and future-ready enterprises.

Suryabharat Group of Industries has been conceptualized as an integrated platform encompassing education-linked enterprises, professional services, innovation and incubation centres, technology and digital initiatives, healthcare and life sciences, creative industries, agro-food enterprises, and global business engagement. Each domain is envisaged to be developed through a phased, disciplined approach, guided by regulatory compliance, quality standards, and ethical governance.

Driven by principles of sustainable growth and responsible enterprise-building, SBGI is committed to long-term value creation, employment generation, entrepreneurship development, and institutional capacity-building. Through its initiatives and platforms, the Group seeks to contribute meaningfully to national priorities such as Make in India, Skill India, Startup India, Atmanirbhar Bharat, and the Viksit Bharat vision.

Unlike traditional conglomerates, Suryabharat follows an ecosystem-based model, wherein academic institutions, skill development platforms, industry ventures, incubation and innovation centres, and global advisory services are designed to function in synergy. This integrated approach enables continuous talent development, application-oriented innovation, enterprise creation at multiple levels, and sustainable growth through diversification and collaboration.

Through this ecosystem-driven philosophy, Suryabharat Group of Industries aims to build enduring institutions and enterprises that create long-term economic value, reduce risk through integration, and contribute positively to society and the nation.

Vision

To build a future-ready Indian enterprise group that integrates education, industry, and innovation to create sustainable economic and societal impact

Mission

- To develop institutions and enterprises that align knowledge with industry relevance
- To foster innovation, skills, and employability across sectors
- To create collaborative platforms that enable national development and global engagement
- To operate with integrity, accountability, and long-term purpose

Our Values

- **Integrity:** Upholding ethical conduct and transparency in all our actions
- **Excellence:** Striving for quality and continuous improvement
- **Responsibility:** Balancing growth with social and environmental responsibility
- **Collaboration:** Building partnerships that create shared value
- **Innovation:** Embracing change and future-oriented thinking

Estd. 1999 | Suryadatta Education Foundation's SURYADATTA® GROUP OF INSTITUTES, PUNE

KEY AFFILIATIONS & ACCREDITATIONS OF SURYADATTA GROUP OF INSTITUTES

Suryabharat Industries: BUSINESS VERTICALS

Suryabharat Group operates across diverse yet complementary business verticals, each aligned with our long-term vision of building sustainable institutions, enterprises, and global platforms. Together, these verticals form an integrated ecosystem that drives growth, innovation, and societal impact.

Education & Institutions (Knowledge & Human Capital Vertical)

Delivering quality academic & professional education through institutions designed to meet global standards and evolving industry needs.

Genext Skill Development & Employability

Bridging the gap between education and employment through industry-aligned skills, certifications, and workforce readiness initiatives.

Innovation, AI, Data Science, UI / UX & Emerging Technologies

Advancing applied innovation through emerging technologies, digital platforms, and experiential media solutions.

Global Business & Trade Platforms

Creating forums and engagement platforms that enable international dialogue, business collaboration, and trade facilitation.

International Mobility & Consulting

Providing structured global education pathways, cross-border engagement facilitation, and international advisory services.

Industries & Manufacturing

Supporting industrial and manufacturing ventures with a focus on operational excellence, quality, and long-term value creation.

THE SURYABHARAT ADVANTAGE

100 Ventures. One Vision. A New Enterprise Ecosystem.

A 100-Venture Integrated Enterprise Ecosystem

Suryabharat brings together 100 ventures across 10+ strategic sectors, creating a diversified ecosystem rather than a single-sector business group. The portfolio spans education, technology, innovation, healthcare, global business, consultancy, agro & food, hospitality, media, lifestyle and community services.

Built on a Strong Educational & Institutional Foundation

The Suryabharat ecosystem draws strength from the experience, expertise and institutional foundation of the Suryadatta Group, creating a unique convergence of education, knowledge, skills, entrepreneurship and enterprise development.

From Knowledge to Enterprise

A distinctive strength of Suryabharat is its ability to connect learning, research, innovation, skills and entrepreneurship with real-world enterprise opportunities—creating a pathway from Knowledge → Skills → Innovation → Enterprise → Employment Impact.

Multi-Sector, Multi-Dimensional Growth Platform

The ventures are designed to operate across diverse and complementary sectors, enabling cross-sector synergies, shared capabilities, collaborative business models and new opportunities for innovation and growth.

Technology & AI at the Core

Digital transformation, Artificial Intelligence, emerging technologies, data analytics, automation and digital platforms are embedded across the ecosystem to create future-ready, technology-enabled and scalable enterprises.

Professional & Expert-Led Ecosystem

Suryabharat envisages the participation of experienced professionals, industry leaders, entrepreneurs, academicians, domain experts and strategic advisors, bringing expertise, credibility and sector-specific leadership to individual ventures.

Opportunities for Entrepreneurship & Employment

The 100-venture model is designed to encourage new enterprise creation, entrepreneurship, professional opportunities, skill development and employment generation, particularly for youth and emerging professionals.

India-Focused with a Global Outlook

While rooted in India, Suryabharat is designed to connect with global markets, international institutions, professionals, investors, technology partners and business networks, creating pathways for Indian capabilities to achieve global reach.

Aligned with National Development Priorities

The ecosystem supports the broader objectives of Viksit Bharat @2047, Atmanirbhar Bharat, Digital India, Skill India, Startup India and innovation-led economic development through initiatives spanning skills, technology, entrepreneurship, healthcare and enterprise.

Purpose-Driven Enterprise with Social Impact

Suryabharat seeks to combine business excellence with social responsibility, developing ventures that create economic value while contributing to education, healthcare, livelihoods, inclusion, sustainability and community development.

Suryabharat Industries LLP

Building Enterprises. Creating Opportunities. Shaping a Viksit Bharat.

THE SURYABHARAT ECOSYSTEM

From Knowledge to Enterprise. From Enterprise to Impact.

Suryabharat is envisioned as an integrated enterprise ecosystem where knowledge, skills, innovation, technology, entrepreneurship and business converge to create sustainable enterprises and meaningful opportunities.

The ecosystem brings together diverse capabilities across education, emerging technologies, digital solutions, skill development, global business, consultancy, healthcare, agro-food, hospitality, media, lifestyle and community services.

The Ecosystem Model

One ecosystem connecting people, knowledge, capabilities and opportunities to create enterprises that deliver lasting value.

Global Education • Leadership • Lifelong Learning

Executive Overview : Suryabharat Global Academy is envisioned as a multidisciplinary platform for high-quality education, professional development and lifelong learning. The Academy will bring together academic programmes, executive education, professional certifications, leadership development and future-ready learning pathways. It will focus on developing knowledge, skills, competencies and values required for success in a rapidly changing global environment. The Academy will promote interdisciplinary learning, experiential education, industry engagement and international exposure. It will cater to students, working professionals, entrepreneurs, educators and senior leaders. Through contemporary pedagogy, technology-enabled learning and global collaborations, the Academy will create opportunities for continuous upskilling and reskilling. It will also serve as a platform for seminars, conferences, masterclasses and thought leadership.

Vision & Strategic Purpose

To create a globally oriented learning platform that develops competent, ethical and future-ready individuals through lifelong education and professional excellence.

Core Areas / Key Focus Areas

• Academic and professional programmes
• Executive and leadership education
• Skill development and certifications
• Lifelong learning
• International education and collaborations
• Experiential and industry-oriented learning
• Interdisciplinary programmes
• Seminars, conferences and masterclasses

Unique Value Proposition / Strategic Role

- Suryabharat Global Academy serves as a future-ready platform for multidisciplinary education & lifelong learning.
- It brings together academic knowledge, professional skills, leadership development & global exposure.
- The Academy promotes experiential, industry-oriented & outcome-based learning.
- It aims to prepare learners for higher education, employment, entrepreneurship & global opportunities.
- Its programmes can integrate emerging technologies, professional certifications & practical projects.
- The Academy represents Suryabharat's commitment to holistic and globally relevant education.

Digital Learning • Online Education • Flexible Skill Development

Executive Overview : Suryabharat e-Learning Centre will provide technology-enabled learning opportunities through online, hybrid and blended education models. The Centre will develop and curate digital courses, certification programmes, micro-learning modules and professional development programmes for learners across age groups. It will enable flexible learning independent of geographical boundaries and conventional classroom schedules. The Centre will leverage learning management systems, multimedia content, virtual classrooms, simulations and emerging digital learning technologies. Programmes will address academic enhancement, employability, professional skills and emerging technologies. Faculty, industry experts and practitioners will contribute to specialised learning content. The Centre will support continuous upskilling and reskilling while extending Suryabharat's educational reach to learners in India and overseas.

Vision & Strategic Purpose

To make quality education and professional learning accessible anytime, anywhere through innovative digital learning solutions.

| • Blended and hybrid learning |
| • Digital course development |
| • Virtual classrooms |
| • Micro-learning and short courses |
| • Faculty and professional development |
| • Learning management systems |
| • Technology-enabled assessments |

Unique Value Proposition / Strategic Role

- Suryabharat e-Learning Centre expands access to flexible, technology-enabled education and professional learning.
- It develops and delivers online courses, digital learning resources and certification-oriented programmes.
- The Centre supports learners across geographies, age groups and professional backgrounds.
- It enables self-paced, blended and instructor-led learning through digital platforms.
- Its focus is on employability, upskilling, reskilling and lifelong learning.
- The Centre strengthens Suryabharat's digital education and knowledge-distribution capabilities

SURYABHARAT GLOBAL FINISHING & PERSONALITY DEVELOPMENT SCHOOL

Personality • Communication • Confidence • Professional Grooming

Executive Overview : Suryabharat Global Finishing & Personality Development School will focus on developing the communication, behavioural, interpersonal and professional competencies required for personal and career success. The School will help students and young professionals build confidence, presentation skills, leadership abilities and workplace readiness. Training will combine communication practice, personality development, etiquette, grooming, public speaking and professional behaviour. Special emphasis will be placed on English communication, interview preparation, group discussions and corporate interaction. Programmes will be designed for students, job seekers, professionals and individuals preparing for global careers. Practical activities, simulations and expert-led sessions will make the learning experiential and application-oriented. The School will contribute to creating confident, articulate and professionally prepared individuals.

Vision & Strategic Purpose

To develop confident, articulate and professionally competent individuals equipped to succeed in academic, corporate and global environments.

Core Areas / Key Focus Areas

• Communication skills
• Spoken English
• Personality development
• Public speaking
• Interview preparation
• Corporate etiquette
• Leadership and interpersonal skills
• Professional grooming

Unique Value Proposition / Strategic Role

- The School focuses on developing communication, confidence, professional etiquette and interpersonal effectiveness.
- It bridges the gap between academic qualifications and workplace expectations.
- Programmes cover personality development, presentation skills, leadership, teamwork and professional communication.
- It prepares students and young professionals for interviews, careers and global work environments.
- Training can be customised for schools, colleges, corporates and institutions.

SURYABHARAT WORLD SKILLS & LANGUAGE CENTRE

Global Skills • Languages • Employability

Executive Overview : Suryabharat World Skills & Language Centre will provide skill-based and language training aligned with employment, international mobility and changing industry requirements. The Centre will offer programmes in foreign languages, communication, digital competencies, vocational skills and workplace capabilities. It will support students, professionals, job seekers and individuals seeking international education or employment opportunities. Training will combine practical exercises, industry-oriented modules and competency-based assessment. Language programmes will focus on functional communication and cultural understanding required for global interaction. Skill programmes will respond to emerging employment trends and evolving workplace expectations. The Centre will promote lifelong learning and create pathways for learners to acquire internationally relevant competencies.

Vision & Strategic Purpose

To develop globally relevant skills and language capabilities that enhance employability, mobility and professional confidence.

Core Areas / Key Focus Areas

• Foreign language training
• English communication
• Vocational skills
• Digital skills
• Workplace competencies
• International employability
• Certification programmes
• Cross-cultural communication

Unique Value Proposition / Strategic Role

- The Centre develops globally relevant vocational, professional, digital and language competencies.
- It provides skill-based learning aligned with evolving employment and industry requirements.
- Language programmes can support academic mobility, international careers and cross cultural communication.
- The Centre promotes practical, certification-oriented and competency-based learning.
- It can serve students, professionals, job seekers and organisations.
- Its strategic role is to build a workforce capable of participating effectively in global opportunities.

SURYABHARAT CIVIL SERVICES & ENTRANCE EXAMINATION COACHING ACADEMY

Competitive Examinations • Mentoring • Career Preparation

Executive Overview : Suryabharat Civil Services & Entrance Examination Coaching Academy will provide structured preparation and mentoring for competitive examinations and professional entrance tests. The Academy will focus on conceptual understanding, current affairs, analytical ability, examination strategy and disciplined preparation. Programmes may support aspirants preparing for civil services, government examinations, management entrances, professional courses and other competitive assessments. Experienced faculty, subject experts and practitioners will provide academic guidance and mentoring. Regular assessments, mock examinations, performance analysis and personalised guidance will support continuous improvement. The Academy will also develop study material, digital resources and examination-oriented learning programmes. Its broader objective will be to create a supportive environment for aspirants pursuing challenging academic and public-service careers.

Vision & Strategic Purpose

To provide structured, ethical and high-quality preparation that enables aspirants to pursue competitive academic, professional and public-service opportunities.

Core Areas / Key Focus Areas

• Civil services preparation
• Government examinations
• Entrance examinations
• Current affairs
• Mock tests and assessments
• Study material
• Mentoring and counselling
• Examination strategy

Unique Value Proposition / Strategic Role

- The Academy provides structured preparation for competitive examinations and higher education entrance tests.
- It combines subject knowledge with examination strategy, mentoring, practice and performance analysis.
- Programmes can cater to civil services, professional entrance examinations and other competitive assessments.
- Technology-enabled learning can support personalised preparation and continuous assessment.

SURYABHARAT OVERSEAS EDUCATION & STUDY-ABROAD CONSULTANCY

Global Education • International Admissions • Student Guidance

Executive Overview : Suryabharat Overseas Education & Study-Abroad Consultancy will assist students in exploring and pursuing international education opportunities. The venture will provide guidance on course selection, university identification, applications, scholarships, documentation, visa processes and pre-departure preparation. Counselling will be aligned with students' academic background, career aspirations, financial considerations and preferred destinations. The platform will promote informed decision-making rather than merely application facilitation. It will build relationships with international universities, institutions and education partners to create credible pathways for students. Support may extend to accommodation, travel guidance and post-arrival orientation. Through structured counselling and international academic information, the venture will help students navigate the complexities of global higher education.

Vision & Strategic Purpose

To facilitate informed, transparent and career-oriented access to quality international education.

Core Areas / Key Focus Areas

• International university counselling
• Course and destination selection
• Application assistance
• Scholarship guidance
• Documentation support
• Visa guidance
• Pre-departure orientation
• International institutional partnerships

Unique Value Proposition / Strategic Role

- The venture supports students aspiring to pursue higher education at international universities and institutions.
- It provides guidance on course selection, university applications, documentation and admission processes.
- Students can receive support for scholarships, visa-related processes and pre-departure preparation.
- The focus is on informed decision-making, transparency and student-centric counselling.
- It can facilitate institutional collaborations and international academic pathways.

SURYABHARAT INTERNATIONAL INTERNSHIP & EXCHANGE PROGRAMME CENTRE

Global Exposure • Internships • Cultural Exchange

Executive Overview : Suryabharat International Internship & Exchange Programme Centre will create opportunities for students and young professionals to gain international academic, cultural and workplace exposure. The Centre will facilitate internships, student exchanges, study visits, short-term immersion programmes and international experiential learning opportunities. Partnerships with universities, companies, professional organisations and international institutions will form an important component of its activities. Programmes will enable participants to understand different work cultures, business environments and global practices. The Centre will also support inbound international students and visiting groups seeking academic and cultural exposure in India. Structured orientation and mentoring will help participants maximise the learning value of their international experience.

Vision & Strategic Purpose

To develop globally competent individuals through meaningful international exposure, internships and cross-cultural learning.

Core Areas / Key Focus Areas

• International internships
• Student exchange
• Study visits
• Immersion programmes
• International projects
• Cultural exchange
• Industry exposure
• Global institutional partnerships

Unique Value Proposition / Strategic Role

- The Centre facilitates international internships, student exchanges and cross-cultural learning opportunities.
- It connects learners with academic institutions, organisations and professional networks across countries.
- Programmes provide exposure to international workplaces, cultures, technologies and business practices.
- The Centre promotes experiential learning beyond the traditional classroom.
- It can support academic mobility, employability and development of global competencies

Research • Scholarly Communication • Knowledge Dissemination

Executive Overview : Suryabharat Research Journals & Academic Publications will support scholarly research, publication and dissemination of knowledge across multidisciplinary domains. The platform will facilitate journals, research papers, conference proceedings, working papers and other academic publications. It will encourage researchers, faculty, students and practitioners to contribute original research and evidence-based perspectives. Emphasis will be placed on academic quality, ethical publishing practices, peer review and wider dissemination of research. The platform may support emerging areas including technology, management, education, healthcare, sustainability and interdisciplinary studies. It will also provide opportunities for researchers to present and communicate their findings through academic forums and publications.

Vision & Strategic Purpose

To promote credible, ethical and accessible scholarly communication and contribute to the development of knowledge.

Core Areas / Key Focus Areas

• Research journals
• Peer-reviewed publications
• Conference proceedings
• Research papers
• Academic editing
• Research dissemination
• Interdisciplinary research
• Scholarly communication

Unique Value Proposition / Strategic Role

- This initiative promotes scholarly communication, research dissemination and academic knowledge creation.
- It can facilitate publication of research papers, journals, conference proceedings and scholarly content.
- The platform encourages interdisciplinary research and collaboration among academics and professionals.
- It supports visibility for emerging researchers, institutions and industry practitioners.
- Emphasis can be placed on academic quality, ethical publishing and knowledge accessibility.

Books • Knowledge Resources • Educational Content

Executive Overview : Suryabharat Publications will develop, publish and distribute books and knowledge resources across academic, professional, educational and general-interest domains. The venture will support authors, educators, researchers and subject experts in converting ideas and expertise into quality publications. Its portfolio may include textbooks, reference books, professional guides, edited volumes, research publications, children's content and digital publications. The venture will adopt contemporary publishing methods, including print and digital formats, to expand accessibility. It will also support institutional publications, reports, commemorative volumes and knowledge documentation. By bringing together content creation, editorial expertise and publishing capabilities, Suryabharat Publications will contribute to knowledge dissemination and intellectual development.

Vision & Strategic Purpose

To create and disseminate high-quality knowledge resources that support education, research, professional development and society.

Core Areas / Key Focus Areas

• Academic books
• Professional publications
• Textbooks and reference material
• Research publications
• Digital publishing
• Institutional publications
• Editorial services
• Knowledge resources

Unique Value Proposition / Strategic Role

- Suryabharat Publications serves as a knowledge and content-development platform covering academic, professional and general-interest subjects.
- It can publish books, reference material, educational resources, reports and digital publications.
- The initiative supports authors, educators, researchers and subject-matter experts.
- It can leverage print and digital formats to broaden knowledge access.
- The platform provides an avenue for documenting institutional, intellectual and professional contributions.

SURYABHARAT SPECIAL & INCLUSIVE EDUCATION CENTRE

Inclusive Learning • Special Education • Empowerment

Executive Overview : Suryabharat Special & Inclusive Education Centre will promote equitable access to education and learning opportunities for individuals with diverse learning needs and abilities. The Centre will support inclusive educational practices, specialised learning interventions and capacity building for educators and families. It will work towards creating accessible learning environments that recognise individual strengths and learning requirements. Programmes may include academic support, life skills, vocational preparation and teacher training. The Centre will also promote awareness of inclusive education among schools, institutions and communities. Collaboration with specialists, educators and relevant organisations will strengthen its services. Its approach will focus on dignity, participation, independence and meaningful inclusion.

Vision & Strategic Purpose

To create inclusive learning opportunities that enable every learner to participate, develop capabilities and achieve greater independence.

Core Areas / Key Focus Areas

• Inclusive education
• Special education support
• Learning interventions
• Life skills
• Vocational preparation
• Educator training
• Parent guidance
• Accessibility and inclusion

Unique Value Proposition / Strategic Role

- The Centre promotes equitable access to education for learners with diverse learning needs and abilities.
- It supports inclusive teaching practices, individualised learning and appropriate educational interventions.
- The Centre can work with educators, families and institutions to strengthen inclusive learning environments.
- Technology and assistive learning approaches can enhance accessibility and participation.
- It promotes dignity, independence, confidence and educational inclusion.

SURYABHARAT TEACHER TRAINING & PEDAGOGY INSTITUTE

Teacher Development • Pedagogy • Educational Excellence

Executive Overview : Suryabharat Teacher Training & Pedagogy Institute will focus on continuous professional development of teachers, academic leaders and education professionals. The Institute will provide training in contemporary pedagogy, technology-enabled teaching, assessment practices, classroom management and competency-based education. It will promote innovative teaching approaches aligned with changing educational needs and learner expectations. Workshops, certificate programmes, faculty development programmes and specialised training will provide opportunities for continuous professional learning. The Institute will also support educators in integrating digital tools, experiential learning and interdisciplinary approaches into teaching. Through research, sharing of best practices and professional networks, it will contribute to improvement in teaching quality and educational outcomes.

Vision & Strategic Purpose

To strengthen teaching quality through continuous professional development, innovative pedagogy and technology-enabled education.

Core Areas / Key Focus Areas

• Teacher training
• Pedagogical innovation
• Faculty development
• Digital teaching
• Assessment practices
• Classroom management
• Educational leadership
• Competency-based education

Unique Value Proposition / Strategic Role

- The Institute focuses on continuous professional development of teachers and education professionals.
- It provides training in contemporary pedagogy, digital education, assessment and classroom innovation.
- Programmes can address NEP-aligned practices, experiential learning and technology integration.
- The Institute promotes evidence-based and learner-centric teaching methodologies.
- It can serve schools, colleges, educators and educational organisations.
- Its strategic role is to strengthen teaching quality through continuous capacity building.

Career Guidance • Psychometric Assessment • Future Planning

Executive Overview : Suryabharat Career Counselling Centre will provide structured career guidance to students, parents, graduates and working professionals. The Centre will help individuals understand their interests, strengths, capabilities and career aspirations before making important educational and professional decisions. Counselling may include psychometric assessments, academic pathway planning, course and institution selection, career exploration and employability guidance. The Centre will provide information on emerging careers, interdisciplinary opportunities, professional qualifications and changing employment trends. Specialised guidance will be available for higher education, competitive examinations, international education and career transitions. By combining individual counselling with reliable career information, the Centre will encourage informed, purposeful and future-oriented career decisions.

Vision & Strategic Purpose

To empower individuals to make informed education and career decisions aligned with their strengths, aspirations and future opportunities.

Core Areas / Key Focus Areas

• Career counselling
• Psychometric assessment
• Academic pathway planning
• Course selection
• Career exploration
• Higher education guidance
• Employability counselling
• Parent counselling

Unique Value Proposition / Strategic Role

- The Centre provides structured guidance to students and professionals for informed academic and career decisions.
- It helps individuals understand their interests, strengths, opportunities and suitable career pathways.
- Counselling can cover higher education, professional courses, emerging careers and skill requirements.
- The Centre can use assessments, expert mentoring and career-information resources.
- Its approach encourages informed choices rather than conventional or trend-driven decisions.

Design Thinking • Creativity • Innovation

Executive Overview : Suryabharat Design Academy will provide education and professional development in contemporary design disciplines and creative problem-solving. The Academy will promote design thinking, user-centric approaches, visual communication and innovation across traditional and emerging design domains. Programmes may cover UI/UX, graphic design, product design, fashion, interiors, digital design and creative technologies. Learning will emphasise practical projects, portfolios, industry briefs and experiential learning. Collaboration with designers, creative studios and businesses will help learners understand professional practices. The Academy will also promote interdisciplinary design applications in technology, business and social innovation. Its objective is to develop creative professionals capable of solving real-world problems through design.

Vision & Strategic Purpose

To develop creative, technology-enabled and user-centric designers equipped for contemporary industries.

Core Areas / Key Focus Areas

• Design thinking
• UI/UX design
• Visual communication
• Product design
• Digital design
• Creative technology
• Portfolio development
• Industry projects

Unique Value Proposition / Strategic Role

- The Academy develops creative, technical and professional capabilities in contemporary design disciplines.
- It can cover UI/UX, graphic design, product design, fashion, interiors and emerging design technologies.
- Learning combines creativity with technology, industry projects and portfolio development.
- The Academy encourages design thinking, innovation and problem-solving.
- It can serve students, professionals, entrepreneurs and creative practitioners.
- Its strategic role is to develop future-ready creative talent for the design economy.

SURYABHARAT GLOBAL CENTRE FOR EMERGING TECHNOLOGIES

Emerging Technologies • Research • Future Readiness

Executive Overview : Suryabharat Global Centre for Emerging Technologies will serve as a platform for learning, experimentation, research and application of rapidly evolving technologies. The Centre will track technological developments and explore their applications across education, business, healthcare, industry and society. Areas may include artificial intelligence, machine learning, robotics, Internet of Things, blockchain, extended reality, drones, automation and other emerging technologies. It will facilitate workshops, technology demonstrations, research projects and industry interactions. The Centre will encourage students, professionals, entrepreneurs and organisations to understand the opportunities and implications associated with new technologies. Through collaborative projects and knowledge programmes, it will support technology adoption and future readiness.

Vision & Strategic Purpose

To create a forward-looking platform for understanding, applying and responsibly adopting emerging technologies.

Core Areas / Key Focus Areas

• Artificial intelligence
• Machine learning
• Robotics and automation
• IoT
• Blockchain
• Extended reality
• Drones and autonomous systems
• Emerging technology research

Unique Value Proposition / Strategic Role

- The Centre serves as a platform for exploration, learning and application of emerging technologies.
- Its focus can include AI, machine learning, blockchain, IoT, robotics, cloud, cybersecurity and other evolving domains.
- It promotes technology awareness, applied research and industry-oriented experimentation.
- The Centre can support training, demonstrations, projects and technology collaborations.
- It encourages early adoption of relevant technologies across sectors.
- Its strategic role is to position Suryabharat at the forefront of technology-led transformation

SURYABHARAT INSTITUTE OF DRONE TECHNOLOGY

Drones • Autonomous Systems • Applications

Executive Overview : Suryabharat Institute of Drone Technology will provide education, training, applied research and professional development in drone and unmanned aerial technologies. The Institute will introduce learners to drone operations, design, data capture, mapping, imaging, automation and application-specific solutions. It will explore applications across agriculture, infrastructure, surveying, logistics, disaster management, media and other sectors. Training will combine theoretical understanding with practical exposure and responsible operating practices. The Institute will encourage innovation through student projects, demonstrations and industry collaboration. It will also support awareness of regulatory requirements and safe drone operations. By bringing together technology, skills and industry applications, the Institute will contribute to the development of India's growing drone ecosystem.

Vision & Strategic Purpose

To develop skilled professionals and innovative applications in drone and unmanned aerial technologies.

Core Areas / Key Focus Areas

• Drone technology
• Drone operations
• Mapping and surveying
• Aerial imaging
• Agri-drone applications
• Autonomous systems
• Drone data analytics
• Industry projects

Unique Value Proposition / Strategic Role

- The Institute focuses on education, training and application of drone and unmanned aerial technologies.
- It can support programmes in drone operations, applications, data capture and emerging drone ecosystems.
- Applications may span agriculture, infrastructure, surveying, logistics, disaster management and media.
- The Institute promotes hands-on learning and industry-oriented skill development.
- It can collaborate with technology companies, government agencies and industry users.
- Its strategic role is to develop specialised talent for India's rapidly expanding drone economy.

SURYABHARAT INNOVATION & INCUBATION CENTRE OF EXCELLENCE

Innovation • Incubation • Entrepreneurship

Executive Overview : Suryabharat Innovation & Incubation Centre of Excellence will support the development of innovative ideas into viable products, services and enterprises. The Centre will provide aspiring entrepreneurs, students, researchers and startups with mentoring, incubation support, access to experts and opportunities for collaboration. It will encourage problem identification, ideation, prototyping, validation and business-model development. Innovation challenges, hackathons, bootcamps and startup programmes will provide platforms for experimentation. The Centre will also facilitate connections with industry, investors, mentors and ecosystem organisations. Its focus will extend beyond startup creation to fostering an innovation culture across educational and professional communities.

Vision & Strategic Purpose

To nurture innovation and entrepreneurship by helping promising ideas progress from concept to sustainable enterprise.

Core Areas / Key Focus Areas

• Startup incubation
• Ideation
• Prototyping
• Mentoring
• Entrepreneurship programmes
• Innovation challenges
• Industry collaboration
• Investor and ecosystem connect

Unique Value Proposition / Strategic Role

- The Centre provides a structured environment for innovation, entrepreneurship and venture development.
- It supports ideation, prototyping, mentoring, validation and early-stage venture building.
- Students, faculty, startups and innovators can access expertise and collaborative opportunities.
- The Centre encourages solutions addressing real-world industry and societal challenges.
- It can facilitate industry partnerships, investment readiness and market-oriented innovation.
- Its strategic role is to convert ideas and innovations into scalable ventures and impact driven solutions.

SURYABHARAT INDUSTRIAL RESEARCH DNYANPEETH (SBIRD)

Industrial Research • Applied Innovation • Knowledge

Executive Overview : Suryabharat Industrial Research Dnyanpeeth (SBIRD) will serve as a platform for applied research, industry-oriented innovation and knowledge creation. It will encourage collaborative research addressing practical challenges faced by businesses, institutions and communities. SBIRD will facilitate research projects, technology studies, product development, testing, consultancy and knowledge exchange. It will bring together researchers, faculty, industry professionals, students and subject experts to address interdisciplinary problems. Priority areas may include technology, manufacturing, sustainability, agriculture, healthcare, business and emerging industries. Through industry-linked research and dissemination of knowledge, SBIRD will contribute to innovation, productivity and competitiveness.

Vision & Strategic Purpose

To promote applied and industry-relevant research that converts knowledge into practical solutions and measurable impact.

Core Areas / Key Focus Areas

• Industrial research
• Applied research
• Product development
• Technology studies
• Industry consultancy
• Testing and validation
• Interdisciplinary research
• Knowledge dissemination

Unique Value Proposition / Strategic Role

- SBIRD serves as a bridge between academic knowledge, industrial requirements and applied research.
- It focuses on industry-oriented research, innovation, technology development and problem solving.
- The platform can undertake collaborative projects with enterprises, institutions and researchers.
- It promotes knowledge transfer and practical application of research outcomes.
- SBIRD can support technology validation, prototyping and industry-academia collaboration.
- Its strategic role is to strengthen Suryabharat's research and innovation capabilities.

SURYABHARAT'S CALIBER - Centre for AI, Leadership, Innovation, Business, Entrepreneurship & Research

AI • Leadership • Innovation • Business • Entrepreneurship • Research

Executive Overview : Suryabharat's CALIBER — Centre for AI, Leadership, Innovation, Business, Entrepreneurship & Research — will provide an integrated platform addressing the convergence of technology, management and innovation. The Centre will develop programmes and projects in artificial intelligence, leadership, entrepreneurship, business transformation and research. It will promote interdisciplinary learning and encourage students, professionals and entrepreneurs to understand the business implications of emerging technologies. Activities may include executive programmes, AI workshops, innovation challenges, research projects, startup mentoring and leadership dialogues. CALIBER will encourage responsible and practical adoption of AI and emerging technologies across sectors. Its integrated approach will help develop leaders capable of navigating technology-driven organisational change.

Vision & Strategic Purpose

To develop technology-aware leaders, innovators and entrepreneurs who can create value in an AI-enabled economy.

Core Areas / Key Focus Areas

• Artificial intelligence
• Leadership development
• Innovation
• Entrepreneurship
• Business transformation
• Research
• AI applications
• Executive education

Unique Value Proposition / Strategic Role

- CALIBER integrates Artificial Intelligence, leadership, innovation, business, entrepreneurship and research into a multidisciplinary platform.
- It promotes future-ready leadership and technology-enabled business thinking.
- The Centre can conduct executive programmes, research, workshops, projects and innovation initiatives.
- It encourages learners and professionals to understand the intersection of technology and management.
- CALIBER can serve as a platform for experimentation, knowledge exchange and thought leadership.

SURYABHARAT INTELLECTUAL PROPERTY & INNOVATION SERVICES

Intellectual Property • Innovation Protection • Commercialisation

Executive Overview : Suryabharat Intellectual Property & Innovation Services will support innovators, entrepreneurs, researchers and organisations in understanding and managing intellectual property. The venture will provide guidance relating to patents, trademarks, copyrights, designs, IP strategy and innovation documentation, subject to applicable professional and regulatory requirements. It will promote awareness of intellectual property among students, researchers and startups. The platform will also encourage systematic documentation and evaluation of innovations and explore pathways for technology commercialisation. Workshops and awareness programmes will help organisations understand the strategic value of intellectual assets. By connecting innovation with appropriate IP practices, the venture will strengthen the protection and potential commercial value of creative and technological ideas.

Vision & Strategic Purpose

To promote effective creation, protection, management and commercialisation of intellectual property and innovation.

Core Areas / Key Focus Areas

• IP awareness
• Patent support
• Trademark guidance
• Copyright and design awareness
• IP strategy
• Innovation documentation
• Technology commercialisation
• IP training

Unique Value Proposition / Strategic Role

- The venture supports innovators, entrepreneurs and institutions in understanding and managing intellectual property.
- It can provide guidance related to patents, trademarks, copyrights and innovation documentation.
- The platform encourages systematic identification and protection of intellectual assets.
- It can support IP awareness, innovation strategy and technology-commercialisation initiatives.
- Its services can benefit startups, researchers, institutions and enterprises.
- The venture strengthens the value-creation and commercialisation dimension of Suryabharat's innovation ecosystem.

Data Analytics • Business Intelligence • Decision Support

Executive Overview : Suryabharat Data Analytics & Business Intelligence Centre will help organisations convert data into actionable business insights. The Centre will provide training, analytical services, dashboards and decision-support solutions across business and institutional functions. It will work with structured and unstructured data to identify trends, patterns, opportunities and operational gaps. Applications may include finance, marketing, human resources, education, healthcare, operations and customer analytics. The Centre will promote data-driven decision-making through visualisation, reporting, predictive analysis and business intelligence tools. It will also develop programmes to build analytical capabilities among students and professionals. Its objective is to make data a strategic resource for improved performance and informed decision-making.

Vision & Strategic Purpose

To enable organisations and professionals to make faster, smarter and evidence-based decisions through data and analytics.

Core Areas / Key Focus Areas

• Business intelligence
• Data analytics
• Dashboards
• Data visualisation
• Predictive analytics
• Business reporting
• Data-driven decision-making
• Analytics training

Unique Value Proposition / Strategic Role

- The Centre converts data into actionable insights for better organisational and business decision-making.
- It can provide analytics, dashboards, business intelligence and data-driven performance solutions.
- Applications can span education, healthcare, finance, manufacturing, retail and other sectors.
- The Centre promotes evidence-based planning, forecasting and operational optimisation.
- It can combine analytics expertise with AI and automation capabilities.
- Its strategic role is to enable organisations to become more intelligent, responsive and data-driven.

SURYABHARAT AGRITECH & CLIMATE-TECH INNOVATION CENTRE

AgriTech • Climate Technology • Sustainable Innovation

Executive Overview : Suryabharat AgriTech & Climate-Tech Innovation Centre will promote technology-led solutions addressing agricultural productivity, climate resilience and sustainable resource management. The Centre will explore innovations in precision agriculture, farm technologies, water management, climate-smart practices, renewable energy and data-driven agriculture. It will provide a platform for researchers, entrepreneurs, farmers, technology providers and industry partners to collaborate on practical solutions. Demonstration projects, innovation challenges and pilot initiatives will support technology validation. The Centre will also promote awareness and capacity building around climate-resilient agriculture and sustainable practices. Its focus will be on developing scalable solutions that improve productivity while supporting environmental sustainability.

Vision & Strategic Purpose

To accelerate technology-driven and climate-resilient solutions for agriculture and sustainable development.

Core Areas / Key Focus Areas

• Precision agriculture
• AgriTech
• Climate-smart agriculture
• Water technologies
• Farm automation
• Renewable energy applications
• Data-driven agriculture
• Sustainable innovation

Unique Value Proposition / Strategic Role

- The Centre promotes technology-led solutions for agriculture, climate resilience and sustainable development.
- It can explore precision agriculture, smart farming, resource efficiency and climate-smart technologies.
- The platform encourages innovation addressing food security, environmental sustainability and rural productivity.
- It can connect researchers, farmers, startups, technology providers and industry stakeholders.
- Its strategic role is to support sustainable agriculture and climate-responsive economic development.

Technology Solutions • Digital Platforms • Enterprise Transformation

Executive Overview : Suryabharat Infotech is the technology and digital solutions arm of Suryabharat Industries, delivering customised, scalable and secure technology solutions for enterprises, institutions, startups and organisations. It will develop digital platforms and applications that improve operational efficiency, customer engagement and decision-making. Its capabilities may include software development, enterprise applications, cloud solutions, data analytics, automation and digital integration. Sector-specific solutions will address education, healthcare, hospitality, retail, manufacturing and other industries. The venture will follow a user-centric and security-conscious approach to technology development. By combining technology capability with sector understanding, Suryabharat Infotech will support organisations in their digital transformation journey.

Vision & Strategic Purpose

To empower organisations through reliable, scalable and intelligent technology solutions that create long-term digital value.

Core Areas / Key Focus Areas

• Software development
• Enterprise applications
• Cloud solutions
• Data analytics
• Automation
• Digital platforms
• System integration
• Sector-specific technology

Unique Value Proposition / Strategic Role

- Suryabharat Infotech provides technology and digital solutions for enterprises, institutions and emerging businesses.
- Its capabilities can include software development, enterprise applications, cloud, data and digital platforms.
- Solutions are designed to improve efficiency, connectivity, automation and organisational performance.
- The venture can develop customised and scalable technology aligned with client requirements.
- It can also support digital transformation and technology modernisation initiatives.
- Its strategic role is to serve as a technology implementation and digital transformation partner.

SURYABHARAT CENTRE OF EXCELLENCE FOR DIGITAL BUSINESS

Digital Business • Transformation • Innovation

Executive Overview :Suryabharat Centre of Excellence for Digital Business will focus on the transformation of conventional business models through technology, digital processes and data-driven practices. The Centre will provide training, advisory support, applied projects and knowledge programmes covering digital strategy, e-commerce, automation, analytics, digital customer experience and platform-based business models. It will help organisations understand how emerging technologies can improve competitiveness and customer value. The Centre will also support students and professionals through industry projects and practical learning. Through workshops, executive programmes and consulting initiatives, it will promote digital maturity among businesses. Particular attention will be given to MSMEs and growing enterprises seeking structured digital transformation.

Vision & Strategic Purpose

To enable businesses to adopt digital models, technologies and practices for sustainable competitiveness and growth.

Core Areas / Key Focus Areas

• Digital transformation
• Digital strategy
• E-commerce
• Business automation
• Customer experience
• Digital platforms
• Data-driven business
• Executive programmes

Unique Value Proposition / Strategic Role

- The Centre focuses on applying digital technologies to modern business models and organisational processes.
- It promotes digital strategy, transformation, automation, analytics and technology-enabled growth.
- The Centre can support training, consulting, research and industry projects.
- It enables organisations to understand and adopt emerging digital business practices.
- Programmes can address both management and technology dimensions of transformation.
- Its strategic role is to build digital-business capabilities among enterprises and professionals.

Digital Services • Automation • Business Enablement

Executive Overview : Suryabharat Digital Solutions will provide integrated digital services designed to help organisations improve productivity, customer engagement and operational efficiency. The venture will address digital requirements ranging from websites and online platforms to workflow automation, digital documentation and technology-enabled business processes. Solutions will be customised according to organisational size, sector and digital maturity. The venture will support businesses transitioning from manual processes to more efficient digital systems. It will also provide digital support to institutions, professionals, startups and MSMEs. By combining practical technology solutions with implementation support, the venture will help organisations build stronger and more efficient digital operations.

Vision & Strategic Purpose

To make digital transformation practical, accessible and outcome-oriented for organisations of different sizes.

Core Areas / Key Focus Areas

• Digital platforms
• Website solutions
• Workflow automation
• Digital documentation
• Business process solutions
• Online services
• MSME digitalisation
• Technology support

Unique Value Proposition / Strategic Role

- Suryabharat Digital Solutions provides integrated digital services to organisations seeking technology-enabled growth.
- Its portfolio can include websites, applications, automation, digital platforms and technology consulting.
- Solutions are designed to simplify processes and enhance customer and stakeholder engagement.
- The venture can serve businesses, institutions, startups and professional organisations.
- It promotes accessible and practical digital adoption.
- Its strategic role is to enable organisations to transition from traditional processes to efficient digital operations.

SURYABHARAT E-COMMERCE CENTRE

E-Commerce • Digital Marketplaces • Online Business

Executive Overview : Suryabharat e-Commerce Centre will support businesses, entrepreneurs and producers in establishing and expanding their presence in digital marketplaces. The Centre will provide capabilities relating to online storefronts, marketplace management, digital catalogues, customer engagement and e-commerce operations. It will help MSMEs and emerging enterprises understand digital selling, customer behaviour and online market opportunities. Training and advisory programmes will build practical e-commerce competencies among students and entrepreneurs. The Centre may also develop or support specialised digital marketplaces connecting producers, service providers and consumers. Through technology and market-oriented support, it will facilitate the transition from conventional commerce to digitally enabled business.

Vision & Strategic Purpose

To enable businesses and entrepreneurs to access wider markets through efficient and technology-enabled e-commerce models.

Core Areas / Key Focus Areas

• E-commerce platforms
• Online storefronts
• Marketplace management
• Digital catalogues
• E-commerce operations
• Customer engagement
• MSME digital selling
• E-commerce training

Unique Value Proposition / Strategic Role

- The Centre supports businesses and entrepreneurs in establishing and expanding digital commerce operations.
- It can provide e-commerce platform development, marketplace support, digital cataloguing and transaction solutions.
- The Centre promotes online business models and wider market access for products and services.
- It can particularly support MSMEs, startups and emerging brands.
- Technology, digital marketing and customer experience can be integrated into its offerings.
- Its strategic role is to facilitate participation in India's rapidly expanding digital-commerce economy.

SURYABHARAT DIGITAL MARKETING & SEO SOLUTIONS

Digital Marketing • SEO • Online Visibility

Executive Overview : Suryabharat Digital Marketing & SEO Solutions will provide digital marketing and online visibility services to businesses, institutions, professionals and entrepreneurs. The venture will support organisations in building digital presence, reaching target audiences and strengthening customer engagement. Services may include search engine optimisation, content marketing, social media, digital advertising, analytics, reputation management and campaign planning. Strategies will be aligned with organisational objectives and measurable performance indicators. The venture will also offer training and capacity-building programmes for students and business owners seeking to develop internal digital marketing capabilities. Its focus will be on ethical, data-informed and sustainable digital growth.

Vision & Strategic Purpose

To help organisations build stronger digital visibility, engagement and market reach through effective digital marketing.

Core Areas / Key Focus Areas

• SEO
• Digital advertising
• Social media marketing
• Content marketing
• Analytics
• Online reputation
• Digital strategy
• Marketing training

Unique Value Proposition / Strategic Role

- The venture provides digital marketing solutions to strengthen online visibility, customer engagement and brand growth.
- Services can include SEO, social media, content, search marketing and digital campaign management.
- Strategies can be customised for institutions, enterprises, startups and professional brands.
- Data and analytics can support performance measurement and continuous optimisation.
- The focus is on measurable digital presence and sustainable audience engagement.
- Its strategic role is to help organisations compete effectively in the digital marketplace.

SURYABHARAT SMART INTERIOR SOLUTIONS

Smart Interiors • Design • Technology-Enabled Spaces

Executive Overview : Suryabharat Smart Interior Solutions will provide contemporary interior solutions integrating design, functionality, technology and sustainability. The venture will address residential, commercial, institutional and hospitality spaces through planning, design consultancy and technology-enabled interior concepts. Smart lighting, space optimisation, digital visualisation, energy efficiency and connected systems may form part of its solution portfolio. The approach will combine aesthetics with practical usability and lifecycle considerations. The venture will also explore modular and sustainable solutions suited to evolving lifestyles and work environments. Through design expertise and technology integration, it will help create efficient, comfortable and future-ready spaces

Vision & Strategic Purpose

To create intelligent, functional and sustainable interior environments that respond to modern lifestyles and organisational needs.

Core Areas / Key Focus Areas

• Interior planning
• Smart spaces
• Digital visualisation
• Space optimisation
• Smart lighting
• Sustainable interiors
• Commercial interiors
• Institutional interiors

Unique Value Proposition / Strategic Role

- The venture provides technology-enabled and contemporary solutions for interior spaces.
- It can integrate smart-home technologies, space planning, digital design and functional interiors.
- Solutions can cater to residential, institutional, hospitality and commercial environments.
- The focus is on aesthetics, functionality, sustainability and intelligent use of space.
- Technology can enhance convenience, energy efficiency and user experience.
- Its strategic role is to combine design expertise with smart and sustainable built-environment solutions.

Fashion • Technology • Digital Design

Executive Overview : Suryabharat FashionTech Studio will explore the convergence of fashion, design and emerging technologies. The Studio will provide opportunities for digital fashion design, fashion technology, design visualisation, digital sampling and technology-enabled creative development. It will support designers, students, brands and entrepreneurs in experimenting with contemporary tools and production approaches. The Studio will encourage applications of 3D visualisation, digital design, AI-assisted creativity and other relevant technologies. Industry projects and collaborative initiatives will help connect creative education with fashion business requirements. Through experimentation and innovation, the venture will contribute to a more technology-enabled, sustainable and globally connected fashion ecosystem.

Vision & Strategic Purpose

To promote innovation at the intersection of fashion, design and technology.

Core Areas / Key Focus Areas

• Digital fashion design
• Fashion technology
• 3D visualisation
• Digital sampling
• AI-assisted design
• Fashion innovation
• Design projects
• Industry collaboration

Unique Value Proposition / Strategic Role

- The Studio brings together fashion, design, technology and digital innovation.
- It can explore digital fashion, design technology, visualisation, fashion analytics and technology-enabled production.
- The platform encourages collaboration between designers, technologists, educators and industry.
- It can support prototyping, creative projects, training and emerging fashion-business models.
- The Studio promotes technology adoption across the fashion and lifestyle value chain.
- Its strategic role is to create a future-facing interface between creativity and technology.

SURYABHARAT GENNEXT SKILLTECH COUNCIL

Future Skills • Technology • Workforce Readiness

Executive Overview : Suryabharat GenNext SkillTech Council will focus on emerging skills required for the next generation of learners and professionals. The Council will identify changing industry requirements and promote programmes in digital technologies, AI, data, cybersecurity, automation, entrepreneurship and other future-oriented domains. It will encourage collaboration among education providers, employers, technology organisations and skill-development stakeholders. Research, skill mapping, certification programmes and industry consultations will support its activities. The Council will also promote awareness of new career pathways and encourage continuous reskilling. Its broader role will be to contribute to a future-ready workforce capable of adapting to technological and economic change.

Vision & Strategic Purpose

To promote future skills and technology-enabled workforce development aligned with emerging employment opportunities.

Core Areas / Key Focus Areas

• Future skills
• AI and emerging technology
• Digital skills
• Industry skill mapping
• Certifications
• Reskilling and upskilling
• Employability
• Workforce readiness

Unique Value Proposition / Strategic Role

- The Council focuses on preparing young people for emerging careers through technology-enabled skill development.
- It can promote AI, digital, entrepreneurial, professional and future-of-work competencies.
- The Council can bring together educators, industry experts, technology providers and skill partners.
- It encourages continuous reskilling in response to changing employment landscapes.
- Programmes can combine certification, projects and practical exposure.
- Its strategic role is to contribute to building a future-ready and digitally capable workforce.

SURYABHARAT TRAINING & PLACEMENT CONSULTANCY

Training • Employability • Placement Support

Executive Overview : Suryabharat Training & Placement Consultancy will connect education, skills and employment opportunities through structured training and career services. The venture will work with students, job seekers, institutions and employers to improve employability and facilitate suitable employment opportunities. Training programmes will address technical, functional, communication and workplace skills according to industry requirements. Placement support may include employer connect, recruitment drives, interview preparation and candidate profiling. The venture will also assist institutions in strengthening their placement processes and industry relationships. By understanding employer expectations and labour-market trends, it will help bridge the gap between available talent and workforce requirements.

Vision & Strategic Purpose

To strengthen employability and connect skilled talent with meaningful employment opportunities.

Core Areas / Key Focus Areas

• Employability training
• Placement services
• Recruitment support
• Interview preparation
• Industry connect
• Skill-gap assessment
• Career readiness
• Institutional placement support

Unique Value Proposition / Strategic Role

- The venture connects education, skills and employment through structured training and placement support.
- It can provide employability training, recruitment assistance and industry engagement programmes.
- Services can be customised for students, job seekers, institutions and employers.
- The focus is on aligning candidate capabilities with evolving industry requirements.
- It can facilitate internships, recruitment drives and career-readiness initiatives.
- Its strategic role is to strengthen the transition from learning to meaningful employment.

SURYABHARAT GLOBAL PROFESSIONAL SKILL DEVELOPMENT CORPORATION

Professional Skills • Global Employability • Certification

Executive Overview : Suryabharat Global Professional Skill Development Corporation will provide structured professional skill development programmes aligned with evolving workplace requirements. It will address technical, managerial, digital, communication and industry-specific competencies for learners and working professionals. Programmes may be delivered through classroom, online, blended and workplace-based formats. Industry experts and practitioners will contribute to practical and competency-oriented learning. The Corporation will encourage professional certifications, continuous development and career progression. It will also support organisations in developing workforce capabilities through customised training. Its global orientation will encourage internationally relevant skills and professional standards.

Vision & Strategic Purpose

To develop globally relevant professional competencies that strengthen employability, productivity and career progression.

Core Areas / Key Focus Areas

• Professional skills
• Industry certifications
• Management skills
• Digital skills
• Communication
• Corporate training
• Workforce development
• Career advancement

Unique Value Proposition / Strategic Role

- The venture focuses on advanced professional and industry-oriented skill development.
- It can offer competency-based programmes for working professionals, students and organisations.
- Training may cover management, technology, communication, leadership and specialised occupational skills.
- Internationally relevant standards and certifications can enhance learner mobility.
- Corporate training and customised workforce-development solutions can form an important component.
- Its strategic role is to build professional capabilities aligned with global employment opportunities.

SURYABHARAT CENTRE FOR ENTREPRENEURSHIP DEVELOPMENT

Entrepreneurship • Enterprise Creation • Business Skills

Executive Overview : Suryabharat Centre for Entrepreneurship Development will encourage entrepreneurship among students, professionals, women, youth and aspiring business owners. The Centre will provide structured learning in opportunity identification, business planning, financial fundamentals, marketing, operations and enterprise management. Entrepreneurship bootcamps, mentoring, workshops and business-plan development programmes will support participants through different stages of enterprise creation. The Centre will encourage innovation and responsible entrepreneurship while connecting participants with industry mentors and ecosystem resources. Special programmes may support MSMEs, family businesses and first-generation entrepreneurs. Through practical education and mentoring, the Centre will contribute to a stronger entrepreneurial culture.

Vision & Strategic Purpose

To nurture entrepreneurial capabilities and enable individuals to transform viable ideas into sustainable enterprises.

Core Areas / Key Focus Areas

• Entrepreneurship training
• Business planning
• Startup mentoring
• Enterprise management
• Business model development
• MSME support
• Women entrepreneurship
• Entrepreneurship bootcamps

Unique Value Proposition / Strategic Role

- The Centre promotes entrepreneurship through education, mentoring, incubation and practical venture-building support.
- It can help aspiring entrepreneurs develop ideas, business models and market strategies.
- Programmes may cover startup fundamentals, finance, marketing, innovation and leadership.
- The Centre encourages entrepreneurship among students, professionals and community members.
- Industry mentors and ecosystem partners can strengthen practical learning.
- Its strategic role is to foster entrepreneurial thinking and new enterprise creation.

SURYABHARAT EMPLOYMENT & WORKFORCE SOLUTIONS

Workforce • Recruitment • Talent Solutions

Executive Overview : Suryabharat Employment & Workforce Solutions will support organisations in addressing workforce requirements while helping individuals access suitable employment opportunities. The venture will provide recruitment support, talent sourcing, workforce planning and employability services. It will work across sectors to understand job roles, competency requirements and organisational needs. Skill assessments and candidate profiling may support better matching between employers and prospective employees. The venture may also assist organisations with workforce development and talent retention strategies. Through responsible and transparent workforce practices, it will contribute to improved employment outcomes and more efficient talent utilisation.

Vision & Strategic Purpose

To connect organisations with capable talent while improving workforce readiness and employment opportunities.

Core Areas / Key Focus Areas

• Recruitment support
• Talent sourcing
• Workforce planning
• Candidate profiling
• Skill assessment
• Employment services
• Workforce development
• Talent solutions

Unique Value Proposition / Strategic Role

- The venture provides workforce-oriented services connecting employers with skilled and employable talent.
- It can support recruitment, workforce planning, staffing, training and employee development.
- Solutions can be tailored to organisational requirements across multiple sectors.
- The platform promotes skill-based matching rather than qualification-only recruitment.
- It can also support reskilling and workforce transition programmes.
- Its strategic role is to contribute to efficient, productive and future-ready workforce ecosystems.

SURYABHARAT DIFFERENTLY-ABLED EMPLOYABILITY CONSULTANCY

Inclusive Employment • Skills • Workplace Inclusion

Executive Overview : Suryabharat Differently-Abled Employability Consultancy will promote inclusive employment opportunities for persons with disabilities and diverse abilities. The venture will assist individuals in identifying suitable career pathways, developing employability skills and connecting with appropriate organisations. Employers may receive guidance on inclusive recruitment, workplace accessibility and talent utilisation. Training will focus on communication, digital competencies, workplace readiness and job-specific skills. The venture will encourage inclusive employment practices and greater awareness of the capabilities of persons with disabilities. Through counselling, training and employer engagement, it will seek to create sustainable pathways to dignified employment and economic participation.

Vision & Strategic Purpose

To enable inclusive employment by connecting differently-abled individuals with appropriate skills, opportunities and supportive workplaces.

Core Areas / Key Focus Areas

• Career counselling
• Employability training
• Job matching
• Employer connect
• Workplace inclusion
• Accessibility guidance
• Digital skills
• Inclusive recruitment

Unique Value Proposition / Strategic Role

- The venture supports inclusive employment by connecting differently-abled individuals with suitable career opportunities.
- It can provide career guidance, skill assessment, employability training and employer engagement.
- Organisations can receive guidance on inclusive recruitment and workplace practices.
- The approach focuses on capabilities, dignity and meaningful participation.
- Technology can enable accessible learning and workplace opportunities.
- Its strategic role is to promote inclusive workforce development and equitable employment.

SURYABHARAT WOMEN'S LIVELIHOOD & VOCATIONAL SKILLING CENTRE

Women Empowerment • Livelihoods • Vocational Skills

Executive Overview : Suryabharat Women's Livelihood & Vocational Skilling Centre will promote economic participation and livelihood opportunities for women through practical skills and enterprise development. Training will be designed around locally relevant vocational opportunities, digital skills, entrepreneurship and employability. The Centre will support women seeking employment, self-employment, home-based enterprises or career re-entry. Programmes may include financial literacy, digital literacy, communication and business fundamentals alongside vocational competencies. Partnerships with employers, community organisations and enterprise networks can help create pathways from training to income generation. The Centre will emphasise confidence, independence, sustainable livelihoods and long-term economic participation.

Vision & Strategic Purpose

To strengthen women's economic empowerment through market-relevant skills, entrepreneurship and livelihood opportunities.

Core Areas / Key Focus Areas

• Vocational training
• Women entrepreneurship
• Digital literacy
• Employability
• Livelihood development
• Financial literacy
• Self-employment
• Career re-entry

Unique Value Proposition / Strategic Role

- The Centre promotes economic participation and livelihood opportunities through practical skill development.
- It can provide vocational training, entrepreneurship support and market-linked competencies.
- Programmes may focus on digital skills, services, crafts, enterprise development and employability.
- The Centre encourages self-employment as well as opportunities for formal employment.
- Partnerships can help connect trained participants with markets and enterprises.
- Its strategic role is to support sustainable livelihoods and greater economic participation.

SURYABHARAT DIGITAL LITERACY CENTRE FOR SENIOR CITIZENS

Digital Inclusion • Senior Citizens • Technology Confidence

Executive Overview : Suryabharat Digital Literacy Centre for Senior Citizens will help older adults confidently use digital technologies in everyday life. Training will focus on smartphones, digital payments, online services, communication tools, cybersecurity awareness and access to essential digital platforms. Programmes will use simple, practical and supportive learning methods suited to different levels of digital familiarity. The Centre will promote safe digital practices and awareness of online risks. It may also conduct community workshops and assisted learning sessions. By reducing the digital divide, the Centre will help senior citizens remain connected, independent and engaged with increasingly digital services and society.

Vision & Strategic Purpose

To promote safe, confident and meaningful digital participation among senior citizens.

Core Areas / Key Focus Areas

• Smartphone literacy
• Digital payments
• Online services
• Cyber safety
• Digital communication
• Internet awareness
• Assisted digital learning
• Community workshops

Unique Value Proposition / Strategic Role

- The Centre enables senior citizens to participate confidently in an increasingly digital society.
- Training can cover smartphones, digital payments, online services, cybersecurity and communication tools.
- Programmes can be delivered through simple, accessible and supportive learning methods.
- The Centre promotes digital independence, confidence and social connectivity.
- It can also support families and community organisations in enabling senior digital inclusion.
- Its strategic role is to bridge the digital divide across generations.

Sports • Fitness • Performance • Leadership

Executive Overview : Suryabharat Sports Academy will promote sports participation, physical fitness and development of sporting capabilities among children, youth and aspiring athletes. The Academy will provide structured coaching, fitness programmes, sports education and opportunities for participation in competitions. Training may cover selected indoor and outdoor sports along with physical conditioning, nutrition awareness, sports psychology and performance development. The Academy will encourage discipline, teamwork, leadership and healthy lifestyles through sport. It may also conduct camps, tournaments, workshops and talent-development programmes. By combining sporting excellence with character development, the Academy will contribute to a culture of fitness and active living.

Vision & Strategic Purpose

To nurture sporting talent and promote fitness, discipline, teamwork and healthy lifestyles

Core Areas / Key Focus Areas

• Sports coaching
• Fitness training
• Athlete development
• Sports camps
• Competitions
• Sports leadership
• Performance development
• Physical wellbeing

Unique Value Proposition / Strategic Role

- The Academy promotes sports education, physical fitness, training and talent development.
- It can provide structured coaching across selected sports and fitness disciplines.
- Programmes can integrate physical conditioning, sports science, discipline and performance development.
- The Academy can identify and nurture emerging sporting talent.
- It can also support schools, institutions and community-based sports initiatives.
- Its strategic role is to contribute to healthier lifestyles and development of sporting excellence.

SURYABHARAT GLOBAL CHAMBER OF INDUSTRY, COMMERCE & AGRICULTURE

Industry • Commerce • Agriculture • Global Connect

Executive Overview : Suryabharat Global Chamber of Industry, Commerce & Agriculture will provide a platform for businesses, entrepreneurs, professionals and agricultural stakeholders to connect, collaborate and expand opportunities. The Chamber will facilitate industry interactions, business networking, knowledge exchange and policy-oriented dialogue. It will encourage domestic and international trade, partnerships and market development across sectors. Special attention will be given to MSMEs, startups, agricultural enterprises and emerging businesses. Conferences, business meets, roundtables and sectoral forums will provide opportunities for stakeholder engagement. The Chamber will promote responsible business practices and stronger linkages between industry, commerce, agriculture and the wider economy.

Vision & Strategic Purpose

To strengthen business, trade and agricultural linkages through networking, representation, knowledge exchange and collaboration.

Core Areas / Key Focus Areas

• Business networking
• Industry interaction
• Trade promotion
• MSME support
• Agricultural enterprise
• Policy dialogue
• Business forums
• International connect

Unique Value Proposition / Strategic Role

- The Chamber provides a platform for business networking, trade promotion and industry collaboration.
- It can connect enterprises, professionals, entrepreneurs, institutions and international stakeholders.
- The Chamber promotes dialogue, partnerships, market access and knowledge exchange.
- Its activities can include business forums, delegations, exhibitions and sectoral initiatives.
- Special focus can be placed on MSMEs, agriculture, trade and emerging industries.
- Its strategic role is to facilitate business development and global economic connectivity.

Executive Overview : Suryabharat Global Business Forum will provide a platform for business leaders, entrepreneurs, professionals, investors, policymakers and industry stakeholders to connect and collaborate. The Forum will facilitate dialogue on emerging business trends, economic developments, technology-led transformation and global market opportunities. It will organise conferences, seminars, business meets, roundtables and leadership dialogues. The Forum will encourage partnerships between Indian and international businesses and support enterprises exploring new markets. MSMEs, startups and emerging entrepreneurs will receive opportunities for networking, knowledge exchange and business exposure. Through thought leadership and cross-sector engagement, the Forum will contribute to entrepreneurship, innovation, internationalisation and sustainable economic growth.

To create a credible global platform for business networking, strategic dialogue, collaboration and enterprise growth.

• Global business networking
• Leadership dialogues
• B2B interactions
• Business conferences
• International trade opportunities
• MSME and startup connect
• Industry–government dialogue
• Knowledge exchange

- The Forum serves as a platform for dialogue, networking and collaboration among business leaders and professionals.
- It can bring together entrepreneurs, industry experts, investors, academics and policymakers.
- The Forum can organise conferences, leadership dialogues, business summits and knowledge sessions.
- It promotes exchange of ideas on markets, innovation, investment and global business trends.
- The platform encourages cross-sector and cross-border relationships.
- Its strategic role is to develop a vibrant community for business thought leadership and collaboration.

SURYABHARAT IMPORT EXPORT & GLOBAL TRADE SERVICES

International Trade • Market Access • Export Facilitation

Executive Overview : Suryabharat Import Export & Global Trade Services will support businesses seeking to enter, expand or operate in international markets. The venture will provide guidance on export-import processes, market identification, trade documentation, international business practices and partner discovery. It will support MSMEs and emerging enterprises in understanding international market requirements and developing appropriate trade strategies. The platform may facilitate B2B connections, trade enquiries and participation in international business events. Capacity-building programmes will help entrepreneurs understand export procedures and global commercial practices. Its objective is to make international trade more accessible and structured for Indian enterprises.

Vision & Strategic Purpose

To facilitate global market access and enable Indian businesses to participate effectively in international trade.

Core Areas / Key Focus Areas

• Export-import guidance
• Market identification
• Trade facilitation
• Documentation
• B2B connections
• International market research
• Export training
• Trade opportunities

Unique Value Proposition / Strategic Role

- The venture supports businesses seeking to enter or expand in international markets.
- It can provide guidance on trade processes, market opportunities, documentation and transaction support.
- The platform can assist MSMEs and emerging enterprises in understanding export-import requirements.
- It promotes responsible, compliant and professionally managed international trade.
- Market intelligence and international networking can enhance business opportunities.
- Its strategic role is to facilitate global market access for Indian enterprises.

SURYABHARAT LOGISTICS & SUPPLY CHAIN SOLUTIONS

Logistics • Supply Chain • Operational Efficiency

Executive Overview : Suryabharat Logistics & Supply Chain Solutions will support businesses in managing the movement, storage and coordination of goods and related information. The venture will focus on improving supply-chain visibility, operational efficiency and coordination among suppliers, logistics providers and customers. Services may include logistics planning, supply-chain advisory, inventory coordination, distribution support and process optimisation. Technology-enabled tracking and data-based decision-making may enhance operational effectiveness. The venture will serve businesses across manufacturing, agriculture, food, retail and other sectors. Its approach will emphasise reliability, cost efficiency, responsiveness and sustainable supply-chain practices.

Vision & Strategic Purpose

To enable efficient, technology-supported and resilient supply chains for businesses across sectors.

Core Areas / Key Focus Areas

• Logistics management
• Supply-chain planning
• Inventory coordination
• Distribution
• Process optimisation
• Supply-chain analytics
• Vendor coordination
• Logistics advisory

Unique Value Proposition / Strategic Role

- The venture provides solutions aimed at improving movement, storage and management of goods and resources.
- It can support supply-chain planning, logistics coordination and process optimisation.
- Technology and data can be used to improve visibility, efficiency and responsiveness.
- Solutions may serve manufacturing, agriculture, retail, hospitality and trading businesses.
- The focus is on reliable, efficient and scalable supply-chain operations.
- Its strategic role is to strengthen business competitiveness through better logistics and supply-chain management.

SURYABHARAT TRADE COMPLIANCE & DOCUMENTATION SERVICES

Trade Compliance • Documentation • Regulatory Support

Executive Overview : Suryabharat Trade Compliance & Documentation Services will assist businesses in managing documentation and procedural requirements associated with domestic and international trade. The venture will help organisations understand documentation processes, transaction requirements and applicable compliance frameworks, subject to relevant professional and regulatory boundaries. It will support systematic documentation, record management and process coordination. Training programmes may help MSMEs and exporters develop internal capabilities in trade documentation and compliance awareness. By improving documentation accuracy and procedural preparedness, the venture will help businesses reduce avoidable delays and operational risks associated with trade transactions.

Vision & Strategic Purpose

To support businesses in achieving better trade documentation, procedural discipline and compliance awareness.

Core Areas / Key Focus Areas

• Trade documentation
• Compliance awareness
• Export-import procedures
• Record management
• Documentation review
• Process support
• MSME guidance
• Compliance training

Unique Value Proposition / Strategic Role

- The venture supports businesses in managing documentation and compliance requirements associated with trade.
- It can provide process guidance, documentation support and compliance-oriented advisory services.
- The platform helps enterprises reduce administrative complexity and avoid avoidable process gaps.
- It can support exporters, importers, MSMEs and businesses entering international markets.
- Accuracy, transparency and process discipline remain central to its approach.
- Its strategic role is to enable smoother and more compliant domestic and international trade operations.

SURYABHARAT GLOBAL ASSOCIATION OF PROFESSIONALS

Professional Networking • Knowledge • Collaboration

Executive Overview : Suryabharat Global Association of Professionals will create a cross-disciplinary network connecting professionals from diverse fields and geographies. The Association will facilitate professional networking, knowledge exchange, mentoring, collaborative projects and leadership interactions. Members will have opportunities to participate in conferences, seminars, expert discussions and professional development programmes. The Association will encourage interdisciplinary collaboration and sharing of industry practices. It will also provide a platform for professionals living or working overseas to engage with Indian institutions and businesses. Through a structured professional community, the Association will promote lifelong learning, collaboration and career development.

Vision & Strategic Purpose

To build a global professional community that promotes knowledge, networking, collaboration and professional excellence.

Core Areas / Key Focus Areas

• Professional networking
• Knowledge exchange
• Mentoring
• Leadership forums
• Professional development
• Cross-sector collaboration
• International networking
• Expert engagement

Unique Value Proposition / Strategic Role

- The Association provides a professional networking and knowledge-sharing platform across disciplines.
- It can bring together experts, consultants, educators, executives, entrepreneurs and skilled professionals.
- The Association promotes collaboration, mentorship, professional development and thought leadership.
- Members can participate in conferences, knowledge forums and cross-sector initiatives.
- It encourages professional networks that extend beyond organisational and geographic boundaries.
- Its strategic role is to build a strong and connected community of professionals.

SURYABHARAT GLOBAL ALUMNI & PROFESSIONAL NETWORK

Alumni • Professional Connect • Lifelong Engagement

Executive Overview : Suryabharat Global Alumni & Professional Network will connect alumni, professionals, students and institutional stakeholders through a structured lifelong engagement platform. The Network will facilitate mentoring, career opportunities, professional networking, knowledge exchange and industry interactions. Alumni will be encouraged to contribute through guest lectures, internships, placements, entrepreneurship support and institutional initiatives. Digital platforms and networking events will enable continued engagement across geographies. The Network will also create opportunities for alumni-led collaborations, business referrals and professional communities. By maintaining meaningful relationships beyond graduation, it will transform alumni connections into a long-term professional and institutional asset.

Vision & Strategic Purpose

To build a vibrant global community of alumni and professionals connected through lifelong learning, networking and collaboration.

Core Areas / Key Focus Areas

• Alumni engagement
• Professional networking
• Mentoring
• Career opportunities
• Industry interaction
• Alumni entrepreneurship
• Knowledge exchange
• Global chapters

Unique Value Proposition / Strategic Role

- The Network connects alumni, professionals, entrepreneurs and industry leaders through a common platform.
- It can facilitate mentoring, career opportunities, business networking and knowledge exchange.
- The platform encourages alumni engagement and long-term professional relationships.
- It can support collaborations, internships, placements and entrepreneurial partnerships.
- Digital networking can connect members across cities, countries and professional domains.
- Its strategic role is to create a lasting global community around the Suryabharat ecosystem.

SURYABHARAT INFRACON & REALTY CONSULTANCY

Infrastructure • Real Estate • Project Advisory

Executive Overview : Suryabharat Infracon & Realty Consultancy will provide advisory and support services relating to infrastructure, real estate and development projects. The venture will assist clients in evaluating opportunities, planning projects and coordinating relevant professional services. Its scope may include real estate advisory, project feasibility, development planning, property-related consultancy and project coordination, subject to applicable regulations and professional requirements. It will serve institutional, commercial and individual clients seeking structured advice on property and infrastructure opportunities. By combining sector knowledge with project-oriented support, the venture will seek to improve decision-making, planning and execution across real estate and infrastructure initiatives

Vision & Strategic Purpose

To provide informed, professional and project-oriented advisory support in infrastructure and real estate.

Core Areas / Key Focus Areas

• Real estate consultancy
• Project feasibility
• Infrastructure advisory
• Development planning
• Property evaluation
• Project coordination
• Market analysis
• Client advisory

Unique Value Proposition / Strategic Role

- The venture provides advisory and professional support across infrastructure, real estate and property-related opportunities.
- It can assist with project planning, feasibility, development strategy and property-related consulting.
- The platform can serve individuals, enterprises, developers and institutions.
- Its multidisciplinary approach can integrate financial, technical and strategic considerations.
- The focus is on informed decision-making and sustainable development outcomes.
- Its strategic role is to contribute professional expertise to India's infrastructure and realty sectors.

SURYABHARAT MOBILITY & AUTOMOBILE SERVICES

Mobility • Automobiles • Transport Solutions

Executive Overview : Suryabharat Mobility & Automobile Services will address evolving mobility requirements through automobile-related services, advisory support and technology-enabled solutions. The venture will explore opportunities across personal mobility, institutional transport, fleet solutions, electric mobility and automobile services. It will support organisations and individuals in evaluating mobility options based on operational, economic and sustainability considerations. The venture may also facilitate partnerships with automobile and mobility companies. Awareness programmes on emerging mobility technologies, electric vehicles and sustainable transportation may form part of its activities. Its broader objective is to contribute to efficient, safe and future-ready mobility solutions.

Vision & Strategic Purpose

To promote efficient, sustainable and technology-enabled mobility solutions for individuals and organisations.

Core Areas / Key Focus Areas

• Automobile services
• Mobility advisory
• Fleet solutions
• Electric mobility
• Institutional transport
• Mobility technology
• Vehicle-related services
• Sustainable transportation

Unique Value Proposition / Strategic Role

- The venture addresses evolving mobility and automobile-related needs through service and advisory solutions.
- It can cover mobility planning, automobile services, fleet support and technology-enabled mobility solutions.
- The platform can respond to emerging trends such as electric mobility and connected transportation.
- It can serve individuals, institutions, businesses and mobility operators.
- The focus is on convenience, efficiency, safety and sustainable mobility.
- Its strategic role is to participate in India's rapidly transforming transportation ecosystem.

SURYABHARAT ARCHITECTURE & SMART CITIES CONSULTANCY

Architecture • Smart Cities • Sustainable Development

Executive Overview : Suryabharat Architecture & Smart Cities Consultancy will provide advisory and project support in architecture, built environments and technology-enabled urban development. The venture will explore smart infrastructure, sustainable design, digital planning and integrated urban solutions. It will bring together architectural thinking, technology and environmental considerations to address evolving requirements of cities and institutions. Consultancy may support master planning, design coordination, smart infrastructure concepts and development strategies, subject to applicable professional regulations. The venture will promote efficient resource utilisation, accessibility, resilience and technology integration. Its objective is to contribute to better-designed, sustainable and future-ready built environments.

Vision & Strategic Purpose

To support sustainable and intelligent built environments through integrated architectural and smart-city approaches.

Core Areas / Key Focus Areas

• Architectural consultancy
• Smart-city solutions
• Sustainable design
• Urban technology
• Master planning
• Smart infrastructure
• Built-environment advisory
• Project coordination

Unique Value Proposition / Strategic Role

- The venture provides multidisciplinary advisory support for architecture, urban development and smart infrastructure.
- It can integrate design, technology, sustainability and intelligent infrastructure concepts.
- Services can support institutions, developers, public bodies and development projects.
- The approach emphasises functional, sustainable and technology-enabled built environments.
- It encourages innovative solutions for changing urban needs.
- Its strategic role is to contribute to smarter, more sustainable and people-centric development.

SURYABHARAT TOWN PLANNING & URBAN PLANNING SERVICES

Urban Planning • Development • Sustainable Communities

Executive Overview : Suryabharat Town Planning & Urban Planning Services will provide planning-oriented consultancy for the development of organised, functional and sustainable communities. The venture will address land-use planning, development concepts, infrastructure coordination, mobility, community facilities and urban growth considerations. It will support institutions, developers and other stakeholders with planning studies and advisory services within applicable professional and regulatory frameworks. Emphasis will be placed on balanced development, efficient land utilisation and quality of life. The venture will also explore technology-enabled planning and data-supported urban decision-making. Its approach will encourage integrated development rather than isolated project planning.

Vision & Strategic Purpose

To support well-planned, sustainable and inclusive urban development through integrated planning approaches.

Core Areas / Key Focus Areas

• Town planning
• Urban planning
• Land-use planning
• Development planning
• Infrastructure coordination
• Mobility planning
• Community facilities
• Urban advisory

Unique Value Proposition / Strategic Role

- The venture provides professional support in planning and development of urban and emerging settlements.
- It can address land-use planning, infrastructure, mobility, zoning and development strategies.
- The approach integrates economic, social, environmental and spatial considerations.
- It can support public authorities, institutions, developers and community-oriented projects.
- The focus is on planned growth and efficient utilisation of urban resources.
- Its strategic role is to contribute to sustainable and well-planned urban development.

SURYABHARAT CONSTRUCTION & PROJECT MANAGEMENT SERVICES

Construction • Project Management • Execution Excellence

Executive Overview : Suryabharat Construction & Project Management Services will support construction and development projects through structured planning, coordination and project management. The venture will assist clients in managing timelines, resources, quality, documentation and coordination among project stakeholders. It will promote systematic project planning and monitoring to improve execution efficiency. Services may extend to institutional, commercial and infrastructure projects. Technology-enabled project monitoring and documentation may be incorporated to enhance transparency and accountability. The venture will work with qualified professionals and contractors in accordance with applicable requirements. Its objective is to support timely, efficient and professionally managed project execution.

Vision & Strategic Purpose

To promote disciplined, efficient and transparent management of construction and development projects.

Core Areas / Key Focus Areas

• Project management
• Construction coordination
• Project planning
• Cost and schedule monitoring
• Quality coordination
• Documentation
• Contractor coordination
• Project reporting

Unique Value Proposition / Strategic Role

- The venture supports construction and infrastructure projects through structured planning and project management.
- It can cover project coordination, scheduling, monitoring, quality and resource management.
- The approach focuses on timely execution, cost awareness and effective stakeholder coordination.
- Services can be adapted to institutional, commercial and infrastructure projects.
- Technology-enabled project monitoring can enhance transparency and efficiency.
- Its strategic role is to strengthen professional project execution and delivery capabilities.

SURYABHARAT SECURITY, SAFETY & RISK MANAGEMENT SERVICES

Security • Safety • Risk Management

Executive Overview : Suryabharat Security, Safety & Risk Management Services will support organisations in identifying, assessing and managing operational, physical and business risks. The venture will provide advisory and training services relating to safety management, security awareness, emergency preparedness and risk assessment. It will help institutions and businesses develop appropriate policies, procedures and response mechanisms. Training may cover workplace safety, emergency response, security awareness and business continuity. Technology-enabled security and risk-monitoring solutions may also be explored. The venture will adopt a preventive approach focused on preparedness, resilience and responsible risk management.

Vision & Strategic Purpose

To help organisations build safer, more secure and resilient operating environments.

Core Areas / Key Focus Areas

• Risk assessment
• Safety management
• Security advisory
• Emergency preparedness
• Business continuity
• Safety training
• Security awareness
• Risk monitoring

Unique Value Proposition / Strategic Role

- The venture provides professional approaches to organisational security, safety and risk management.
- It can support risk assessment, safety planning, preparedness and business continuity initiatives.
- Solutions can be tailored to institutions, enterprises, events and infrastructure environments.
- The focus is on prevention, resilience, awareness and responsible risk governance.
- Training and advisory services can strengthen organisational preparedness.
- Its strategic role is to help organisations create safer and more resilient operating environments.

SURYABHARAT GLOBAL ECONOMIC AFFAIRS & ADVISORY

Economic Intelligence • Policy • Strategic Advisory

Executive Overview : Suryabharat Global Economic Affairs & Advisory will provide knowledge and advisory perspectives on economic, business and international developments affecting organisations and markets. The venture will monitor macroeconomic trends, trade developments, policy changes and global business dynamics. Research reports, analytical briefs, seminars and expert discussions will help stakeholders understand complex economic developments. Advisory support may assist businesses and institutions in evaluating opportunities and risks arising from changing economic conditions. The platform will also encourage dialogue among economists, business leaders, academics and policymakers. Its broader objective is to promote informed strategic decision-making in an increasingly interconnected global economy.

Vision & Strategic Purpose

To provide informed economic perspectives that support strategic thinking, business decisions and understanding of global developments.

Core Areas / Key Focus Areas

• Economic research
• Global economic trends
• Trade analysis
• Policy analysis
• Business intelligence
• Economic forums
• Strategic advisory
• Knowledge publications

Unique Value Proposition / Strategic Role

- The venture provides a platform for research, analysis and advisory perspectives on economic and global business developments.
- It can address trade, investment, markets, policy trends and international economic relationships.
- The platform can support businesses and institutions in understanding changing economic environments.
- Research and expert consultations can inform strategic decision-making.
- It encourages informed dialogue on India's role in the global economy.
- Its strategic role is to provide knowledge-driven perspectives for economic and business strategy.

SURYABHARAT WEALTH & ASSET MANAGEMENT ENTERPRISE

Wealth Planning • Assets • Financial Awareness

Executive Overview : Suryabharat Wealth & Asset Management Enterprise will focus on financial planning, wealth awareness and structured management of personal and organisational assets, subject to applicable regulatory requirements. The venture will promote informed financial decision-making and long-term planning. Services may include financial education, asset planning, investment awareness and coordination with appropriately authorised professionals and institutions. It will emphasise risk awareness, diversification, financial discipline and long-term wealth objectives. Special programmes may support entrepreneurs, professionals and families in understanding financial planning. The venture will adopt a responsible, transparent and client-centric approach to wealth-related services.

Vision & Strategic Purpose

To promote informed, disciplined and responsible approaches to wealth creation, preservation and asset planning.

Core Areas / Key Focus Areas

• Financial planning
• Wealth awareness
• Asset planning
• Investment education
• Risk awareness
• Financial literacy
• Entrepreneurial finance
• Professional coordination

Unique Value Proposition / Strategic Role

- The venture aims to provide structured approaches to wealth planning, asset management and financial decision support.
- It can focus on long-term financial planning, asset allocation and wealth-related advisory services.
- Solutions can be tailored to individuals, families, professionals and organisations, subject to applicable regulations.
- The emphasis is on disciplined, transparent and goal-oriented financial planning.
- Professional and compliance-led processes can support responsible decision-making.
- Its strategic role is to contribute to long-term financial wellbeing and asset stewardship.

SURYABHARAT LEGAL SERVICES

Legal Support • Documentation • Compliance Awareness

Executive Overview : Suryabharat Legal Services will provide legal support and professional assistance through appropriately qualified legal professionals, subject to applicable laws and professional regulations. The venture may support individuals, businesses and institutions with legal documentation, compliance awareness, contracts, notices and coordination with legal experts. It will promote greater understanding of legal rights, responsibilities and regulatory requirements among organisations and individuals. Specialised support may be developed for startups, MSMEs, educational institutions, professionals and businesses. The venture will emphasise confidentiality, professionalism and ethical legal practice. Its objective is to make appropriate legal guidance more accessible while ensuring matters requiring representation or reserved legal practice are handled by authorised professionals.

Vision & Strategic Purpose

To facilitate accessible, professional and responsible legal support for individuals, enterprises and institutions.

Core Areas / Key Focus Areas

• Legal documentation
• Contract support
• Compliance awareness
• Corporate legal support
• MSME legal guidance
• Institutional legal support
• Legal information
• Professional coordination

Unique Value Proposition / Strategic Role

- The venture provides professional legal support and advisory services across relevant areas of law.
- It can assist individuals, institutions, businesses and organisations with legal matters and documentation.
- Services may include contracts, compliance, advisory, dispute support and legal documentation.
- The platform emphasises professionalism, confidentiality and regulatory compliance.
- It can also support enterprises in understanding legal responsibilities and risks.
- Its strategic role is to provide accessible and dependable legal guidance to the Suryabharat and wider business ecosystem.

SURYABHARAT MSME & STARTUP FINANCIAL ADVISORY CELL

MSME Finance • Startup Advisory • Business Growth

Executive Overview : Suryabharat MSME & Startup Financial Advisory Cell will support emerging enterprises in understanding financial planning, business finance and growth-related financial decisions. The Cell will help entrepreneurs develop financial projections, understand funding requirements, manage cash flow and evaluate business models. It will also promote financial discipline and awareness of available financing avenues, subject to applicable regulations. Special programmes may address startup financial planning, MSME growth, budgeting and business sustainability. The Cell will connect entrepreneurs with relevant professionals and financial institutions where appropriate. Its focus will be on strengthening financial preparedness and informed decision-making among growing enterprises.

Vision & Strategic Purpose

To strengthen the financial preparedness, sustainability and growth capabilities of MSMEs and startups.

Core Areas / Key Focus Areas

• Financial planning
• Business projections
• Cash-flow planning
• Startup finance
• MSME advisory
• Funding readiness
• Budgeting
• Financial literacy

Unique Value Proposition / Strategic Role

- The Cell supports startups and MSMEs in strengthening financial planning and business sustainability.
- It can provide guidance on financial models, budgeting, funding readiness and business performance.
- The platform helps entrepreneurs understand financial implications of strategic decisions.
- It can also support preparation for investors, lenders and institutional funding opportunities.
- The focus is on financial discipline, informed decision-making and sustainable growth.
- Its strategic role is to strengthen the financial foundations of emerging enterprises.

SURYABHARAT TAX & REGULATORY COMPLIANCE SERVICES

Tax Support • Compliance • Regulatory Awareness

Executive Overview : Suryabharat Tax & Regulatory Compliance Services will support businesses and institutions in understanding and managing applicable tax and regulatory obligations through qualified professionals, where required. The venture will promote systematic compliance, documentation and timely review of regulatory requirements. It may provide coordination and advisory support covering taxation, statutory processes, registrations and regulatory documentation, subject to applicable professional regulations. Special emphasis will be placed on MSMEs and organisations that may not have extensive internal compliance capabilities. Awareness programmes and compliance calendars can help organisations build stronger internal systems. The venture will promote a proactive rather than reactive approach to regulatory compliance.

Vision & Strategic Purpose

To help organisations build disciplined, transparent and timely approaches to tax and regulatory compliance.

Core Areas / Key Focus Areas

• Tax compliance
• Regulatory documentation
• Statutory support
• Compliance calendars
• MSME compliance
• Regulatory awareness
• Documentation systems
• Professional coordination

Unique Value Proposition / Strategic Role

- The venture supports individuals and organisations in understanding and managing applicable tax and regulatory requirements.
- It can provide compliance-oriented guidance, documentation support and process assistance.
- The platform aims to simplify complex regulatory requirements for businesses and institutions.
- Particular emphasis can be given to MSMEs, startups and growing enterprises.
- The approach promotes timely compliance, documentation and responsible governance.
- Its strategic role is to help organisations operate with greater regulatory clarity and discipline.

SURYABHARAT INTERNATIONAL STUDENTS' SERVICES HUB

International Students • Support • Global Integration

Executive Overview : Suryabharat International Students' Services Hub will support international students before, during and after their academic journey in India. The Hub will provide information and assistance relating to orientation, academic processes, accommodation guidance, local services, cultural integration and student wellbeing. It will act as a coordination point between students, educational institutions and relevant service providers. Special programmes will help international students understand Indian academic, cultural and social environments. The Hub may also support documentation and administrative coordination within applicable regulations. Its broader objective is to create a welcoming, supportive and globally connected student experience.

Vision & Strategic Purpose

To provide international students with a supportive and well-integrated academic and cultural experience in India.

Core Areas / Key Focus Areas

• Student orientation
• Accommodation guidance
• Academic support
• Cultural integration
• Local services
• Student assistance
• International student engagement
• Institutional coordination

Unique Value Proposition / Strategic Role

- The Hub provides integrated support to international students navigating academic and campus life.
- It can assist with orientation, accommodation, documentation, local support and student services.
- The platform can help international learners adapt to new academic and cultural environments.
- It can also facilitate communication between students and educational institutions.
- The focus is on a safe, supportive and enriching international student experience.
- Its strategic role is to strengthen Suryabharat's international education and student-support capabilities.

SURYABHARAT ESG & SUSTAINABILITY ADVISORY

ESG • Sustainability • Responsible Business

Executive Overview : Suryabharat ESG & Sustainability Advisory will help organisations understand and incorporate environmental, social and governance considerations into their operations and strategies. The venture will promote responsible business practices, sustainability awareness, stakeholder engagement and structured ESG approaches. Advisory and training programmes may support organisations in identifying material sustainability priorities, developing policies and strengthening reporting and governance practices. Special attention will be given to MSMEs and institutions seeking practical approaches to sustainability. The venture will encourage measurable, transparent and context-specific sustainability initiatives. Through knowledge, advisory support and capacity building, it will contribute to more responsible and resilient organisations.

Vision & Strategic Purpose

To enable organisations to integrate sustainability, responsible governance and stakeholder considerations into long-term business strategy.

Core Areas / Key Focus Areas

• ESG advisory
• Sustainability strategy
• Governance
• Environmental practices
• Social responsibility
• ESG awareness
• Sustainability reporting
• Capacity building

Unique Value Proposition / Strategic Role

- The venture supports organisations in understanding and integrating environmental, social and governance principles.
- It can provide sustainability assessments, ESG frameworks, reporting support and strategic guidance.
- The platform encourages responsible business practices and long-term value creation.
- It can help organisations align sustainability goals with operational and business priorities.
- Data-driven monitoring can strengthen transparency and accountability.
- Its strategic role is to promote responsible, resilient and sustainability-oriented organisational growth.

SURYABHARAT RENEWABLE ENERGY & SUSTAINABILITY CENTRE

Renewable Energy • Sustainability • Clean Technology

Executive Overview : Suryabharat Renewable Energy & Sustainability Centre will promote clean energy, resource efficiency and sustainable development through education, advisory initiatives and applied projects. The Centre will explore renewable energy technologies, energy efficiency, sustainable infrastructure and climate-conscious practices. It will provide awareness and capacity-building programmes for institutions, businesses and communities. Demonstration projects and partnerships may support adoption of appropriate renewable energy solutions. The Centre will also promote research and innovation in clean technologies and sustainable practices. Its objective is to encourage practical pathways towards reduced environmental impact and more efficient use of resources.

Vision & Strategic Purpose

To promote clean energy adoption and sustainable practices through technology, knowledge and innovation.

Core Areas / Key Focus Areas

• Renewable energy
• Energy efficiency
• Clean technology
• Sustainability education
• Sustainable infrastructure
• Climate awareness
• Applied projects
• Green innovation

Unique Value Proposition / Strategic Role

- The Centre promotes awareness, application and adoption of renewable energy and sustainable practices.
- It can explore solar, energy efficiency, resource conservation and other clean-technology solutions.
- The platform can undertake training, consultancy, demonstrations and sustainability projects.
- It encourages organisations and communities to reduce environmental impact.
- Research and technology partnerships can support practical sustainability solutions.
- Its strategic role is to contribute to India's clean-energy transition and sustainable development goals.

SURYABHARAT DHANVANTARI HOSPITAL

Healthcare • Compassion • Clinical Excellence

Executive Overview : Suryabharat Dhanvantari Hospital is envisioned as a healthcare institution focused on accessible, quality and patient-centred healthcare services. The Hospital will seek to provide integrated clinical care supported by qualified medical professionals, trained healthcare teams and appropriate infrastructure. It may develop services across general healthcare, specialised departments, diagnostics, preventive care and wellness. Emphasis will be placed on patient safety, ethical practice, clinical quality and compassionate care. The Hospital may also support healthcare education, training, research and community outreach. Through appropriate technology and multidisciplinary collaboration, it will aim to provide reliable healthcare services while contributing to health awareness and community wellbeing.

Vision & Strategic Purpose

To provide ethical, accessible and patient-centred healthcare supported by clinical excellence and compassionate service.

Core Areas / Key Focus Areas

• Clinical healthcare
• Preventive healthcare
• Diagnostics
• Patient care
• Healthcare education
• Community outreach
• Clinical quality
• Health awareness

Unique Value Proposition / Strategic Role

- Suryabharat Dhanvantari Hospital is envisioned as a comprehensive healthcare platform combining clinical care, technology and patient-centric services.
- It can support preventive, diagnostic, therapeutic and rehabilitative healthcare needs.
- The hospital can integrate modern medical practices with strong service standards.
- It can also provide opportunities for healthcare education, training and clinical exposure.
- Community-oriented initiatives can extend healthcare access beyond the hospital environment.
- Its strategic role is to contribute to accessible, quality and responsible healthcare delivery.

SURYABHARAT BLOOD BANK

Safe Blood • Quality • Community Service

Executive Overview : Suryabharat Blood Bank will support the availability, safety and appropriate management of blood and blood components in accordance with applicable regulatory standards. The initiative will promote voluntary blood donation and create awareness about the importance of regular blood donation. It will focus on proper collection, testing, storage and distribution through qualified personnel and approved systems. Community blood donation drives may be organised in collaboration with institutions, organisations and community groups. The Blood Bank will contribute to strengthening emergency and routine healthcare support. Through quality systems, donor awareness and responsible management, it will seek to contribute to a reliable blood-support ecosystem.

Vision & Strategic Purpose

To support safe and timely availability of blood and blood components while promoting voluntary blood donation.

Core Areas / Key Focus Areas

• Blood collection
• Blood testing
• Component management
• Blood storage
• Voluntary donation drives
• Donor awareness
• Quality systems
• Healthcare coordination

Unique Value Proposition / Strategic Role

- The Blood Bank supports the availability, safety and responsible management of blood and blood components.
- It can promote voluntary blood donation, donor awareness and community participation.
- The facility can support hospitals and patients requiring blood and component services.
- Strong quality, safety and regulatory processes remain central to its operations.
- Awareness programmes can encourage a culture of regular voluntary donation.
- Its strategic role is to strengthen community healthcare infrastructure and emergency preparedness.

SURYABHARAT HEALTHCARE & PHARMACEUTICALS

Healthcare • Pharmaceuticals • Health Innovation

Executive Overview : Suryabharat Healthcare & Pharmaceuticals will explore opportunities across healthcare products, pharmaceutical services, health technologies and related support activities in compliance with applicable regulatory requirements. The venture will focus on improving access to quality healthcare solutions and supporting healthcare professionals and institutions. It may engage in pharmaceutical distribution, healthcare products, wellness solutions, institutional supplies and strategic partnerships, subject to relevant licences and regulations. The venture will also explore opportunities in health innovation and emerging healthcare technologies. Quality, safety, ethical practices and regulatory compliance will remain central to its operations. Through responsible healthcare enterprise, it will contribute to the wider health ecosystem.

Vision & Strategic Purpose

To develop responsible healthcare and pharmaceutical initiatives focused on quality, accessibility and innovation.

Core Areas / Key Focus Areas

• Healthcare products
• Pharmaceutical services
• Healthcare distribution
• Institutional supplies
• Health technology
• Wellness solutions
• Healthcare partnerships
• Regulatory compliance

Unique Value Proposition / Strategic Role

- The venture brings together healthcare services, pharmaceutical opportunities and health-related enterprise initiatives.
- It can explore pharmaceutical distribution, healthcare products, services and sectoral partnerships.
- The platform supports innovation and professional capabilities across the healthcare value chain.
- It can facilitate collaborations among healthcare institutions, professionals and industry.
- Compliance, quality and patient-centricity remain fundamental considerations.
- Its strategic role is to build a broader and responsible presence across healthcare and pharmaceuticals.

SURYABHARAT HOME NURSING, PATIENT & ELDER CARE SERVICES

Home Healthcare • Nursing • Elder Care

Executive Overview : Suryabharat Home Nursing, Patient & Elder Care Services will provide organised support for individuals requiring care and assistance in home environments. Services may include nursing support, post-hospitalisation care, elderly assistance, medication coordination and daily living support through appropriately trained personnel. The venture will emphasise dignity, safety, continuity and family communication. It will work with healthcare professionals and families to support care plans within appropriate clinical boundaries. Special attention will be given to the needs of senior citizens and individuals recovering from illness or procedures. Through reliable home-based support, the venture will help families manage care requirements more effectively.

Vision & Strategic Purpose

To provide compassionate, dependable and professionally coordinated care for patients and senior citizens at home.

Core Areas / Key Focus Areas

• Home nursing
• Elder care
• Post-hospitalisation support
• Patient assistance
• Daily living support
• Family coordination
• Caregiver support
• Healthcare coordination

Unique Value Proposition / Strategic Role

- The venture provides structured support for individuals requiring care and assistance outside institutional healthcare settings.
- Services can include home nursing, patient support and elder-care assistance, subject to applicable requirements.
- The model promotes continuity of care, comfort and dignity in familiar environments.
- It can support families managing the care needs of elderly or recovering individuals.
- Professional training and service standards can strengthen quality and reliability.
- Its strategic role is to respond to the growing need for compassionate community and home-based care.

SURYABHARAT PHYSIOTHERAPY & REHABILITATION CENTRE

Physiotherapy • Rehabilitation • Functional Wellbeing

Executive Overview : Suryabharat Physiotherapy & Rehabilitation Centre will provide physiotherapy and rehabilitation services aimed at improving mobility, function and quality of life. Services will be delivered by qualified professionals and may support recovery following injuries, surgery, neurological conditions and other functional challenges. Individualised assessment and treatment planning will form an important component of care. The Centre may also offer preventive programmes, posture and ergonomics awareness, fitness-related rehabilitation and community outreach. Collaboration with medical professionals and caregivers will support coordinated care. The Centre will emphasise evidence-informed practice, patient education and progressive rehabilitation.

Vision & Strategic Purpose

To support functional recovery, mobility and quality of life through professional physiotherapy and rehabilitation services.

Core Areas / Key Focus Areas

• Physiotherapy
• Rehabilitation
• Mobility training
• Post-operative rehabilitation
• Sports rehabilitation
• Posture and ergonomics
• Preventive care
• Patient education

Unique Value Proposition / Strategic Role

- The Centre provides rehabilitation-oriented services focused on restoring mobility, function and quality of life.
- It can support recovery following injury, illness, surgery or functional limitations.
- Individualised programmes can integrate assessment, therapy, exercise and rehabilitation planning.
- The Centre can work collaboratively with medical professionals and caregivers.
- Preventive and wellness-oriented physiotherapy services can also be developed.
- Its strategic role is to strengthen Suryabharat's continuum of healthcare and rehabilitation services.

SURYABHARAT BIOTECHNOLOGY & LIFE SCIENCES CENTRE

Biotechnology • Life Sciences • Research

Executive Overview : Suryabharat Biotechnology & Life Sciences Centre will promote education, research and innovation in biotechnology and allied life-science disciplines. The Centre will provide a platform for academic projects, applied research, industry interaction and professional development. Potential areas include biotechnology, microbiology, bioinformatics, diagnostics, food biotechnology and environmental applications. The Centre will encourage interdisciplinary collaboration and responsible innovation. Workshops, research programmes and technology-oriented learning can help develop capabilities among students and professionals. Collaboration with research institutions, laboratories and industry partners will strengthen applied outcomes. The Centre will contribute to the development of scientific knowledge and emerging life-science applications.

Vision & Strategic Purpose

To advance biotechnology and life-science education, research and innovation through interdisciplinary and application-oriented initiatives.

Core Areas / Key Focus Areas

• Biotechnology
• Life sciences
• Bio informatics
• Diagnostics research
• Food biotechnology
• Environmental biotechnology
• Research training
• Industry collaboration

Unique Value Proposition / Strategic Role

- The Centre promotes learning, research and innovation in biotechnology and life sciences.
- It can explore areas such as molecular biology, diagnostics, bioinformatics and applied life-science research.
- The platform can support academic-industry collaboration and technology development.
- Training and research projects can build specialised scientific capabilities.
- It can also provide a foundation for future innovation and biotechnology entrepreneurship.
- Its strategic role is to position Suryabharat within the knowledge-intensive life-sciences sector.

SURYABHARAT VACCINES & BIOPHARMACEUTICAL RESEARCH CENTRE

Biopharmaceuticals • Vaccine Research • Life Sciences

Executive Overview : Suryabharat Vaccines & Biopharmaceutical Research Centre will focus on education, research collaboration and knowledge development in vaccines and biopharmaceutical sciences. The Centre will explore opportunities in vaccine technologies, biologics, bioprocessing, diagnostics and related life-science domains, subject to appropriate regulatory frameworks. It will promote research capacity, scientific training and collaboration with qualified institutions and industry. Seminars, workshops and research projects will facilitate knowledge exchange and awareness of developments in biopharmaceutical science. The Centre will emphasise scientific integrity, biosafety, regulatory compliance and responsible innovation. Its role will primarily be to strengthen knowledge and research capabilities in an important area of healthcare science.

Vision & Strategic Purpose

To contribute to knowledge, research and capability development in vaccines and biopharmaceutical sciences.

Core Areas / Key Focus Areas

• Vaccine research
• Biopharmaceuticals
• Biologics
• Bioprocessing
• Diagnostics
• Scientific training
• Research collaboration
• Biosafety and compliance

Unique Value Proposition / Strategic Role

- The Centre is envisioned as a platform for research, knowledge development and collaboration in vaccines and biopharmaceuticals.
- It can focus on scientific education, research partnerships and technology-oriented initiatives.
- The Centre can facilitate interaction among researchers, healthcare professionals, institutions and industry.
- Its activities can contribute to awareness and scientific capacity in advanced healthcare technologies.
- Its strategic role is to support India's growing biopharmaceutical and life-sciences ecosystem.

SURYABHARAT ALTERNATE & INTEGRATIVE HEALTHCARE CENTRE

Integrative Healthcare • Wellness • Holistic Care

Executive Overview : Suryabharat Alternate & Integrative Healthcare Centre will promote holistic approaches to wellbeing through appropriately qualified practitioners and evidence-informed practices within applicable regulatory frameworks. The Centre will explore complementary approaches alongside conventional healthcare, with appropriate attention to safety and professional standards. Wellness programmes may address lifestyle, nutrition awareness, stress management, physical activity and preventive health. The Centre will promote informed choices and encourage appropriate medical consultation where required. Educational programmes and community initiatives will create awareness about healthy lifestyles and responsible integrative approaches. Its objective is to support holistic wellbeing while maintaining professionalism and safety.

Vision & Strategic Purpose

To promote holistic wellbeing through responsible, safe and professionally delivered integrative healthcare approaches.

Core Areas / Key Focus Areas

• Integrative healthcare
• Wellness programmes
• Preventive health
• Lifestyle management
• Nutrition awareness
• Stress management
• Health education
• Professional consultation

Unique Value Proposition / Strategic Role

- The Centre promotes holistic approaches to health and wellbeing while encouraging responsible integration with mainstream healthcare.
- It can provide evidence-informed wellness and complementary health practices where appropriate.
- The focus is on prevention, healthy lifestyles and comprehensive wellbeing.
- Programmes can integrate awareness, wellness education and qualified professional services.
- Safety, ethics and applicable healthcare regulations remain important guiding principles.
- Its strategic role is to broaden the spectrum of responsible health and wellness services.

SURYABHARAT HOSPITAL ADMINISTRATION & HEALTHCARE MANAGEMENT SERVICES

Healthcare Management • Hospital Operations • Quality

Executive Overview : Suryabharat Hospital Administration & Healthcare Management Services will provide professional support in healthcare administration, hospital operations and management systems. The venture will address areas such as process improvement, quality management, patient services, human resources, documentation and operational planning. It may support hospitals, clinics and healthcare organisations seeking to strengthen efficiency and service quality. Training programmes will develop healthcare management competencies among administrators and professionals. Technology-enabled hospital information systems, data analytics and performance monitoring may support better decision-making. The venture will promote patient-centric operations, regulatory awareness and continuous quality improvement.

Vision & Strategic Purpose

To strengthen healthcare organisations through efficient, quality-focused and patient-centred management practices.

Core Areas / Key Focus Areas

• Hospital administration
• Healthcare operations
• Quality management
• Patient services
• Healthcare HR
• Process improvement
• Healthcare analytics
• Management training

Unique Value Proposition / Strategic Role

- The venture provides management and advisory capabilities for healthcare institutions and organisations.
- It can cover hospital operations, quality management, process improvement and healthcare administration.
- The platform aims to improve efficiency while maintaining patient-centric service standards.
- It can support hospitals, clinics and healthcare enterprises in strengthening systems and processes.
- Its strategic role is to improve the operational and managerial effectiveness of healthcare organisations.

SURYABHARAT WELLNESS & FITNESS CENTRE

Wellness • Fitness • Healthy Living

Executive Overview : Suryabharat Wellness & Fitness Centre will promote healthy lifestyles through structured fitness, wellness and preventive health programmes. The Centre will provide opportunities for physical activity, fitness training, lifestyle education and wellbeing programmes suited to different age groups and fitness levels. Activities may include strength and conditioning, functional fitness, yoga, mobility, nutrition awareness and wellness workshops, delivered by appropriately qualified professionals. Corporate and community wellness programmes may also be developed. The Centre will emphasise sustainable lifestyle changes rather than short-term approaches. Its objective is to create a culture of fitness, preventive wellbeing and healthy living.

Vision & Strategic Purpose

To promote healthier lifestyles through accessible, structured and sustainable fitness and wellness programmes.

Core Areas / Key Focus Areas

• Fitness training
• Wellness programmes
• Functional fitness
• Yoga and mobility
• Lifestyle education
• Nutrition awareness
• Corporate wellness
• Community fitness

Unique Value Proposition / Strategic Role

- The Centre promotes preventive health, physical fitness and holistic wellbeing through structured programmes.
- It can offer fitness, wellness, lifestyle and health-awareness initiatives for diverse age groups.
- Programmes can combine physical activity, nutrition awareness and healthy-living practices.
- The Centre can serve individuals, institutions, workplaces and communities.
- Technology-enabled fitness and personalised wellness programmes can enhance engagement.
- Its strategic role is to promote healthier lifestyles and a culture of preventive wellbeing.

SURYABHARAT RURAL TELEMEDICINE & MOBILE HEALTH CENTRE

Home Healthcare • Nursing • Elder Care

Executive Overview : Suryabharat Rural Telemedicine & Mobile Health Centre will seek to improve access to healthcare services in underserved and rural communities through technology-enabled and outreach-based models. Telemedicine can connect patients with qualified healthcare professionals where appropriate, while mobile health initiatives can support screening, awareness and basic health services. The Centre will work with healthcare institutions, professionals and community organisations to develop sustainable outreach models. Digital health tools can support health records, referrals and follow-up. Awareness programmes will focus on preventive health and timely access to care. The initiative will contribute to reducing geographical barriers to healthcare.

Vision & Strategic Purpose

To improve healthcare access in rural and underserved communities through telemedicine, outreach and digital health solutions.

Core Areas / Key Focus Areas

• Telemedicine
• Mobile health
• Rural outreach
• Health screening
• Preventive healthcare
• Digital health
• Referral coordination
• Health awareness

Unique Value Proposition / Strategic Role

- The initiative expands access to healthcare for rural and underserved communities through technology-enabled services.
- Telemedicine and mobile health models can connect communities with qualified healthcare professionals.
- It can support basic screening, health awareness, referrals and continuity of care.
- Mobile outreach can address geographical and accessibility barriers.
- The initiative can collaborate with hospitals, healthcare professionals and community organisations.
- Its strategic role is to contribute to more inclusive and accessible healthcare delivery.

SURYABHARAT COUNSELLING, LIFE SKILLS & MENTAL HEALTH CENTRE

Counselling • Life Skills • Emotional Wellbeing

Executive Overview : Suryabharat Counselling, Life Skills & Mental Health Centre will promote emotional wellbeing, life skills and access to professional counselling support. The Centre will provide services through appropriately qualified professionals and will focus on individuals, students, families and organisations. Programmes may address stress management, communication, interpersonal skills, resilience, personal development and workplace wellbeing. Awareness initiatives will promote responsible understanding of mental health and encourage timely professional support when required. The Centre may also offer life-skills workshops for young people and wellbeing programmes for institutions and workplaces. Confidentiality, ethical practice and professional standards will be central to its approach.

Vision & Strategic Purpose

To promote emotional wellbeing, resilience and life skills through accessible, ethical and professionally supported services.

Core Areas / Key Focus Areas

• Professional counselling
• Life skills
• Stress management
• Resilience
• Student wellbeing
• Workplace wellbeing
• Mental health awareness
• Personal development

Unique Value Proposition / Strategic Role

- The Centre provides a supportive platform for counselling, life-skills development and wellbeing-related services.
- It can offer guidance for personal development, relationships, academic and workplace challenges.
- Life-skills programmes can strengthen resilience, communication, decision-making and emotional awareness.
- Qualified professionals can provide appropriate counselling within their scope of practice.
- The Centre can serve students, families, professionals and communities.
- Its strategic role is to promote holistic wellbeing and stronger life and interpersonal capabilities.

SURYABHARAT AGRO FOOD ENTERPRISES

Agriculture • Food • Enterprise Development

Executive Overview : Suryabharat Agro Food Enterprises will operate across opportunities connecting agriculture, food production, value addition and enterprise development. The venture will explore sourcing, processing, distribution and marketing of agricultural and food products. It will promote value addition and stronger connections between producers, processors and markets. Technology, quality management and sustainable practices will be encouraged across operations. The venture may also support farmers and entrepreneurs in developing commercially viable agro-food enterprises. Through market-oriented approaches and supply-chain linkages, it will contribute to the development of a stronger agro-food business ecosystem.

Vision & Strategic Purpose

To create value from agriculture through efficient food enterprises, value addition and market linkages.

Core Areas / Key Focus Areas

• Agro enterprises
• Food products
• Value addition
• Agricultural sourcing
• Food distribution
• Market linkages
• Sustainable practices
• Agro entrepreneurship

Unique Value Proposition / Strategic Role

- The venture operates at the intersection of agriculture, food production, processing and market opportunities.
- It can explore value-added food products and farm-to-market initiatives.
- The platform can support quality, innovation and efficient utilisation of agricultural resources.
- It can create opportunities for entrepreneurship and rural economic development.
- Technology and modern supply-chain practices can enhance competitiveness.
- Its strategic role is to participate in India's growing agro-food and value-addition economy.

Food Science • Nutrition • Industry Skills

Executive Overview : Suryabharat Food Science Academy will provide education, training and professional development in food science and allied disciplines. The Academy will address food processing, food safety, nutrition, quality control, product development and emerging food technologies. Programmes will combine theoretical knowledge with practical and industry-oriented learning. Students, professionals, entrepreneurs and food-sector employees can benefit from specialised training and certification opportunities. Industry interaction and applied projects will expose learners to real-world food production and quality requirements. The Academy will also promote awareness of food safety, sustainable processing and innovation in food products.

Vision & Strategic Purpose

To develop skilled professionals and entrepreneurs capable of contributing to a safe, innovative and sustainable food industry.

Core Areas / Key Focus Areas

• Food science
• Food processing
• Food safety
• Quality control
• Nutrition
• Product development
• Food technology
• Industry training

Unique Value Proposition / Strategic Role

- The Academy provides education and professional development in food science, technology and related disciplines.
- It can cover food safety, processing, quality management, nutrition and emerging food technologies.
- Practical learning and industry exposure can strengthen professional competencies.
- The Academy can serve students, food professionals, entrepreneurs and industry personnel.
- Research and innovation can support development of improved food products and processes.
- Its strategic role is to develop skilled human resources for the food industry.

Hospitality • Guest Experience • Service Excellence

Executive Overview : Suryabharat Hospitality will develop and manage hospitality-related services and initiatives focused on quality, guest experience and professional service. Its scope may include hospitality operations, accommodation, food services, institutional hospitality and hospitality consultancy. The venture will emphasise service quality, customer experience, operational efficiency and professional standards. It will also provide opportunities for hospitality education, internships and practical industry exposure. Technology-enabled guest services and sustainable hospitality practices may form part of its future development. Through a combination of operational capability and professional training, Suryabharat Hospitality will contribute to a modern and globally oriented hospitality ecosystem.

Vision & Strategic Purpose

To deliver professional, customer-focused and sustainable hospitality experiences.

Core Areas / Key Focus Areas

• Hospitality operations
• Guest services
• Accommodation
• Food services
• Hospitality training
• Customer experience
• Sustainable hospitality
• Industry exposure

Unique Value Proposition / Strategic Role

- Suryabharat Hospitality represents a platform for hospitality services, management and industry-oriented initiatives.
- It can encompass accommodation, food services, guest experience and hospitality operations.
- The venture can integrate professional standards, technology and contemporary service practices.
- It can also provide practical learning and industry exposure for hospitality students and professionals.
- The focus is on quality, customer experience and operational excellence.
- Its strategic role is to build a strong presence in India's expanding hospitality sector.

Food Delivery • Culinary Innovation • Digital Food Business

Executive Overview : Suryabharat Cloud Kitchen will operate a technology-enabled food service model focused on convenient, quality and professionally managed food delivery. The venture may develop multiple food concepts and menus targeted at different customer segments while maintaining appropriate food safety and quality standards. Digital ordering, delivery partnerships and data-based menu planning will support operations. The model provides opportunities for culinary experimentation, brand development and efficient food production without dependence on conventional dine-in infrastructure. It may also create practical training and entrepreneurship opportunities in food and hospitality. Through disciplined operations and digital integration, the venture will explore contemporary food-business models.

Vision & Strategic Purpose

To develop efficient, technology-enabled and customer-focused food delivery enterprises.

Core Areas / Key Focus Areas

• Cloud kitchen operations
• Food delivery
• Menu development
• Culinary innovation
• Digital ordering
• Food safety
• Food entrepreneurship
• Customer experience

Unique Value Proposition / Strategic Role

- The venture provides a technology-enabled food-service model focused on delivery and efficient kitchen operations.
- It can develop multiple food concepts and menus suited to changing consumer preferences.
- Digital ordering, data analytics and streamlined operations can improve efficiency.
- The model offers opportunities for culinary innovation and scalable food entrepreneurship.
- Quality, hygiene and food-safety standards remain central to operations.
- Its strategic role is to explore contemporary and technology-driven food-service business models.

SURYABHARAT CENTRE OF CULINARY ARTS

Culinary Education • Gastronomy • Professional Skills

Executive Overview : Suryabharat Centre of Culinary Arts will provide professional and experiential learning in culinary arts, food preparation and hospitality. Programmes may range from foundational culinary skills to specialised cuisines, bakery, pastry, food presentation and kitchen management. Practical training will form the core of the learning experience, supported by industry interaction and professional standards. The Centre will encourage creativity, discipline, food safety and entrepreneurship. Masterclasses by chefs and industry professionals can provide exposure to contemporary culinary practices. The Centre may also support culinary events, competitions and food innovation initiatives.

Vision & Strategic Purpose

To develop skilled, creative and professionally prepared culinary talent for the hospitality and food industries.

Core Areas / Key Focus Areas

• Culinary arts
• Bakery and pastry
• International cuisines
• Food presentation
• Kitchen management
• Food safety
• Culinary competitions
• Chef masterclasses

Unique Value Proposition / Strategic Role

- The Centre promotes professional culinary education, practical training and gastronomic innovation.
- It can provide programmes in culinary techniques, food production, baking and specialised cuisines.
- Hands-on learning can be supported by professional kitchens and industry exposure.
- The Centre can serve aspiring chefs, hospitality professionals and food entrepreneurs.
- It encourages creativity, quality, discipline and contemporary culinary practices.
- Its strategic role is to develop skilled culinary talent and promote excellence in food and hospitality.

Agriculture • AgriTech • Rural Enterprise

Executive Overview : Suryabharat Agriculture & AgriTech Enterprises will promote modern agricultural practices and technology-enabled agricultural businesses. The venture will explore opportunities across cultivation, farm services, precision agriculture, agricultural inputs, technology solutions and market linkages. It will encourage the use of data, automation and sustainable practices to improve productivity and resource efficiency. Partnerships with farmers, technology providers, researchers and agricultural organisations will strengthen implementation. The venture may also develop models for rural entrepreneurship and value-added agricultural enterprises. Its focus will be on creating commercially viable and sustainable agricultural opportunities.

Vision & Strategic Purpose

To promote productive, technology-enabled and sustainable agricultural enterprises.

Core Areas / Key Focus Areas

• Agriculture
• AgriTech
• Precision farming
• Farm services
• Agricultural inputs
• Rural enterprise
• Sustainable agriculture
• Market linkages

Unique Value Proposition / Strategic Role

- The venture combines agricultural activities with technology-driven approaches to improve productivity and sustainability.
- It can explore smart farming, precision agriculture, farm services and technology adoption.
- The platform can support farmers, entrepreneurs, institutions and agri-businesses.
- Data, automation and modern agricultural practices can enhance resource efficiency.
- It can also create opportunities for innovation and rural entrepreneurship.
- Its strategic role is to contribute to a technology-enabled and sustainable agricultural ecosystem.

SURYABHARAT FOOD & AGRO PROCESSING INDUSTRIES

Food Processing • Value Addition • Manufacturing

Executive Overview : Suryabharat Food & Agro Processing Industries will focus on converting agricultural produce into value-added food products through efficient processing and manufacturing. The venture will explore product development, processing, packaging, quality management and market distribution. Emphasis will be placed on food safety, quality consistency and efficient resource utilisation. Opportunities for local sourcing and value addition can support farmers and agricultural enterprises while creating employment. The venture may develop products for domestic and institutional markets and explore opportunities for wider distribution. Through technology and process innovation, it will contribute to strengthening India's food-processing value chain.

Vision & Strategic Purpose

To create value from agricultural produce through quality food processing, innovation and efficient market-oriented manufacturing.

Core Areas / Key Focus Areas

• Food processing
• Agro processing
• Product development
• Packaging
• Quality management
• Value addition
• Food manufacturing
• Market distribution

Unique Value Proposition / Strategic Role

- The venture focuses on value addition through processing, packaging and development of food and agricultural products.
- It can convert agricultural outputs into higher-value, market-ready products.
- The model supports quality, food safety, innovation and efficient supply-chain management.
- It can create opportunities for farmers, entrepreneurs and food-industry stakeholders.
- Technology can improve productivity, shelf life and market reach.
- Its strategic role is to strengthen India's food-processing and agro-industrial value chain.

Travel • Tourism • Experiences

Executive Overview : Suryabharat Tourism & Travel Services will provide travel-related services and curated tourism experiences for individuals, families, institutions and groups. The venture may support domestic and international travel planning, educational tours, corporate travel, cultural experiences and specialised tourism programmes. It will focus on convenience, responsible travel and meaningful experiences. Partnerships with accommodation providers, transport operators, destination organisations and local service providers will support its offerings. Specialised educational, heritage, wellness and community-oriented travel programmes may also be developed. Technology-enabled booking, communication and travel support will enhance customer convenience.

Vision & Strategic Purpose

To create accessible, meaningful and professionally managed travel experiences across domestic and international destinations.

Core Areas / Key Focus Areas

• Travel planning
• Domestic tourism
• International tourism
• Educational tours
• Corporate travel
• Cultural tourism
• Group travel
• Travel coordination

Unique Value Proposition / Strategic Role

- The venture provides travel-related services focused on leisure, education, business and experiential tourism.
- It can support itinerary planning, travel coordination, group travel and specialised tourism experiences.
- The platform can serve students, families, professionals, institutions and organisations.
- Technology can simplify booking, communication and travel management.
- It can promote domestic and international tourism opportunities.
- Its strategic role is to participate in India's expanding tourism and travel economy.

SURYABHARAT YOUTH HOSTEL & COMMUNITY LIVING NETWORK

Youth Travel • Community Living • Shared Experiences

Executive Overview : Suryabharat Youth Hostel & Community Living Network will provide affordable, safe and community-oriented accommodation and living experiences for students, young professionals, travellers and groups. The concept will encourage cultural interaction, peer learning and community engagement alongside accommodation. Facilities may support short-term stays, educational visits, internships, exchange programmes and youth travel. Digital booking and professionally managed services will support convenience and safety. Community activities, workshops and networking events may create opportunities for residents to connect and learn. The venture will promote responsible travel and inclusive community living.

Vision & Strategic Purpose

To create safe, accessible and community-oriented living spaces that encourage learning, interaction and mobility among youth.

Core Areas / Key Focus Areas

• Youth accommodation
• Student stays
• Community living
• Educational visits
• Exchange programmes
• Short-term accommodation
• Community activities
• Youth networking

Unique Value Proposition / Strategic Role

- The Network provides affordable and community-oriented accommodation concepts for students and young people.
- It can support safe, inclusive and professionally managed living environments.
- Community activities can promote networking, learning, cultural exchange and personal development.
- The model can serve students, interns, young professionals and travellers.
- Technology-enabled management can improve convenience and service delivery.
- Its strategic role is to support mobility, independence and community living among young people.

SURYABHARAT HERITAGE, CULTURE & PILGRIMAGE TOURISM CENTRE

Heritage • Culture • Pilgrimage • Experiential Tourism

Executive Overview : Suryabharat Heritage, Culture & Pilgrimage Tourism Centre will promote tourism experiences based on India's rich heritage, traditions, culture and pilgrimage destinations. The Centre will develop curated tours and educational experiences that encourage visitors to understand historical, cultural and spiritual significance. It will work with local communities, tourism stakeholders and heritage organisations where appropriate. Special programmes may focus on heritage interpretation, cultural festivals, pilgrimage circuits and educational travel. Responsible tourism practices will seek to respect local traditions and environments. The Centre will contribute to cultural awareness while creating opportunities for local tourism and community participation.

Vision & Strategic Purpose

To promote India's heritage and cultural richness through responsible, educational and meaningful tourism experiences.

Core Areas / Key Focus Areas

• Heritage tourism
• Pilgrimage tourism
• Cultural tours
• Heritage interpretation
• Educational travel
• Festival tourism
• Community tourism
• Responsible tourism

Unique Value Proposition / Strategic Role

- The Centre promotes culturally meaningful tourism based on India's heritage, traditions and pilgrimage destinations.
- It can develop curated experiences connecting travellers with history, culture, spirituality and local communities.
- The approach encourages responsible, educational and sustainable tourism.
- It can support research, documentation and promotion of heritage assets.
- Partnerships with local stakeholders can strengthen community participation.
- Its strategic role is to contribute to preservation and responsible promotion of India's cultural heritage.

SURYABHARAT TEMPLE & HERITAGE MANAGEMENT SERVICES

Heritage Management • Temple Administration • Conservation

Executive Overview : Suryabharat Temple & Heritage Management Services will provide professional advisory and support services for the management, visitor experience and sustainable development of heritage and religious sites, subject to applicable laws and institutional requirements. The venture will explore areas such as administration, documentation, visitor management, facilities, digital information systems and heritage interpretation. It may support trusts and heritage organisations in improving operational systems while respecting cultural and religious traditions. Technology can be used to improve visitor information, documentation and communication. The venture will promote responsible management that balances preservation, accessibility and community needs.

Vision & Strategic Purpose

To support professional, respectful and sustainable management of temples and heritage institutions.

Core Areas / Key Focus Areas

• Heritage management
• Temple administration
• Visitor management
• Documentation
• Digital systems
• Heritage interpretation
• Facility management
• Advisory services

Unique Value Proposition / Strategic Role

- The venture provides professional approaches to management, preservation and visitor services for heritage and religious sites.
- It can support planning, administration, visitor management, documentation and facility development.
- Technology can enhance information access, crowd management and visitor experience.
- The approach seeks to balance heritage preservation with contemporary operational needs.
- Services can support trusts, institutions and heritage organisations.
- Its strategic role is to promote professional and sustainable management of cultural and heritage assets.

Organic Farming • Natural Agriculture • Sustainable Practices

Executive Overview : Suryabharat Organic & Natural Farming Advisory will promote sustainable and environmentally responsible agricultural practices through awareness, training and advisory support. The venture will help farmers and agricultural entrepreneurs understand principles of organic and natural farming, soil health, resource efficiency and sustainable farm management. Programmes may cover crop planning, natural inputs, water conservation, value addition and market opportunities. Demonstration farms and practical workshops can support experiential learning. The venture will also encourage responsible branding and market development for sustainable agricultural products. Its objective is to support farmers in exploring viable and environmentally conscious approaches to agriculture.

Vision & Strategic Purpose

To promote sustainable farming practices that support soil health, resource conservation and viable agricultural livelihoods.

Core Areas / Key Focus Areas

• Organic farming
• Natural farming
• Soil health
• Sustainable agriculture
• Water conservation
• Farm advisory
• Farmer training
• Sustainable market linkages

Unique Value Proposition / Strategic Role

- The venture promotes sustainable and environmentally responsible approaches to agriculture.
- It can provide advisory support on organic practices, natural farming, soil health and resource management.
- The platform can support farmers, institutions, entrepreneurs and communities seeking sustainable farming models.
- Training and knowledge resources can facilitate adoption of appropriate practices.
- Market and value-chain guidance can strengthen commercial sustainability.
- Its strategic role is to contribute to healthier agricultural ecosystems and sustainable food production.

Film • Television • Digital Content • Creative Production

Executive Overview : Suryabharat Productions will develop and produce content across film, television, digital media and other creative formats. The venture will provide a platform for storytelling, creative collaboration and professional production. It may undertake documentaries, short films, digital series, educational content, corporate films, promotional productions and other audiovisual projects. The venture will encourage emerging talent and provide opportunities for writers, directors, performers, technicians and creative professionals. Contemporary production technologies and digital distribution channels will support wider audience reach. Through responsible storytelling and professional production practices, Suryabharat Productions will contribute to India's growing creative and entertainment ecosystem.

Vision & Strategic Purpose

To create meaningful, innovative and professionally produced content for diverse audiences and platforms.

Core Areas / Key Focus Areas

• Film production
• Digital content
• Television production
• Documentary production
• Corporate films
• Creative development
• Talent opportunities
• Content distribution

Unique Value Proposition / Strategic Role

- Suryabharat Productions serves as a platform for development and production of creative media content.
- It can undertake projects across film, television, digital media, documentaries and branded content.
- The venture brings together creative talent, technology and professional production capabilities.
- It can provide opportunities for emerging artists and media professionals.
- The focus is on quality storytelling, innovation and responsible content creation.
- Its strategic role is to establish a distinctive Suryabharat presence in the creative and entertainment sector.

SURYABHARAT CENTRE FOR THEATRE, FILM & TELEVISION

Performing Arts • Screen Arts • Creative Education

Executive Overview : Suryabharat Centre for Theatre, Film & Television will provide education, training and creative opportunities in performing and screen arts. The Centre will support acting, direction, scriptwriting, production, cinematography, editing, theatre practice and related disciplines. Workshops, masterclasses, productions and practical projects will help learners develop professional capabilities. Experienced practitioners and industry professionals may contribute to specialised training. The Centre will encourage theatre and screen productions as platforms for creative expression and learning. It will also promote interdisciplinary collaboration between performing arts, technology, communication and media.

Vision & Strategic Purpose

To nurture creative talent and professional capabilities across theatre, film and television.

Core Areas / Key Focus Areas

• Acting
• Theatre
• Film
• Television
• Scriptwriting
• Direction
• Production
• Screen technology

Unique Value Proposition / Strategic Role

- The Centre provides a platform for education, training and creative development in performing and screen arts.
- It can offer programmes in acting, direction, production, scripting and technical disciplines.
- Practical projects and industry exposure can strengthen professional capabilities.
- The Centre encourages creativity, storytelling and multidisciplinary collaboration.
- It can serve aspiring artists, technicians, students and working professionals.
- Its strategic role is to develop talent for India's expanding film, television and performing-arts industries.

SURYABHARAT ANIMATION & MOTION GRAPHICS STUDIO

Animation • Motion Graphics • Digital Storytelling

Executive Overview : Suryabharat Animation & Motion Graphics Studio will create digital visual content for entertainment, education, advertising, corporate communication and other applications. The Studio will work across animation, motion graphics, title design, explainer videos and digital storytelling. It will provide opportunities for designers, animators, illustrators and digital artists to develop professional portfolios and industry experience. Emerging technologies and contemporary production tools will support creative experimentation. The Studio may also undertake commissioned projects for businesses and institutions. Through creativity and technology, it will deliver visually engaging content for modern digital audiences.

Vision & Strategic Purpose

To create innovative animated and motion-based content that communicates ideas effectively across digital platforms.

Core Areas / Key Focus Areas

• 2D/3D animation
• Motion graphics
• Explainer videos
• Digital storytelling
• Title design
• Visual communication
• Creative projects
• Animation training

Unique Value Proposition / Strategic Role

- The Studio creates and develops animated, visual and motion-based digital content.
- It can serve education, advertising, entertainment, corporate communication and digital media.
- The platform combines artistic creativity with contemporary animation and design technologies.
- It can provide opportunities for skilled designers, animators and emerging creative professionals.
- Projects can include explainer videos, educational content, branding and entertainment.
- Its strategic role is to build capabilities in the rapidly growing digital-content economy.

Visual Effects • Post-Production • Digital Creativity

Executive Overview : Suryabharat Visual Effects Studio will provide digital visual-effects and post-production capabilities for film, television, advertising, digital media and institutional content. The Studio will explore compositing, visual enhancement, digital environments, motion effects and related creative technologies. It will provide opportunities for professionals and learners to gain practical exposure to modern post-production workflows. Collaboration with production houses, creative studios and educational institutions can support project-based learning and professional assignments. The Studio will emphasise technical quality, creativity and efficient production processes. It will contribute to the development of skilled talent in India's growing digital media industry.

Vision & Strategic Purpose

To develop high-quality visual-effects capabilities and creative talent for modern screen and digital media.

Core Areas / Key Focus Areas

• Visual effects
• Compositing
• Post-production
• Digital environments
• Motion effects
• Creative technology
• VFX training
• Production support

Unique Value Proposition / Strategic Role

- The Studio focuses on visual effects, compositing and digital enhancement for media and entertainment projects.
- It can support film, television, advertising, digital content and other visual-media requirements.
- Technology-driven workflows can enable high-quality and creative visual storytelling.
- The Studio can develop specialised skills among artists and technical professionals.
- It can collaborate with production houses, educational institutions and creative partners.
- Its strategic role is to strengthen Suryabharat's capabilities in advanced visual media production.

SURYABHARAT EVENT MANAGEMENT

Events • Experiences • Execution

Executive Overview : Suryabharat Event Management will conceptualise, plan and execute professional events across corporate, educational, cultural, social and institutional segments. Services will cover event planning, logistics, venue coordination, stage and production management, guest management, branding and on-ground execution. The venture will focus on creating well-organised and engaging experiences aligned with the objectives of clients and host organisations. Technology can support registrations, communication, audience engagement and event analytics. The venture may manage conferences, seminars, award ceremonies, exhibitions, festivals and corporate events. Professional coordination and attention to detail will be central to its approach.

Vision & Strategic Purpose

To create professionally managed, engaging and memorable events through integrated planning and execution.

Core Areas / Key Focus Areas

• Corporate events
• Conferences
• Seminars
• Award ceremonies
• Exhibitions
• Cultural events
• Event production
• Guest and logistics management

Unique Value Proposition / Strategic Role

- The venture provides professional planning and execution of conferences, cultural programmes, corporate events and special occasions.
- It can manage event strategy, logistics, production, guest coordination and on-ground execution.
- Technology can enhance registration, communication, audience engagement and event experiences.
- The platform can serve corporates, institutions, communities and public events.
- Emphasis is placed on creativity, professionalism and seamless execution.
- Its strategic role is to build a comprehensive event and experiential-management capability.

SURYABHARAT MOVIE PROMOTION & ENTERTAINMENT MARKETING

Entertainment Marketing • Promotion • Audience Engagement

Executive Overview : Suryabharat Movie Promotion & Entertainment Marketing will support films, digital productions and entertainment projects in building visibility and audience engagement. The venture will develop promotional strategies across digital media, publicity, events, partnerships and audience outreach. It will explore creative campaigns designed around the identity and target audience of each production. Social media, content marketing, media relations and promotional events may form part of the service portfolio. The venture will also create opportunities for collaboration between producers, brands, media platforms and creative professionals. Its focus will be on strategic, innovative and audience-oriented entertainment marketing.

Vision & Strategic Purpose

To create effective promotional strategies that connect entertainment content with audiences and markets.

Core Areas / Key Focus Areas

• Film promotion
• Entertainment marketing
• Digital campaigns
• Publicity
• Social media
• Promotional events
• Audience engagement
• Brand partnerships

Unique Value Proposition / Strategic Role

- The venture focuses on strategic promotion and audience engagement for films and entertainment projects.
- It can provide digital campaigns, publicity, social media, branding and promotional strategies.
- The platform combines creative communication with audience insights and digital marketing.
- It can support independent creators as well as larger entertainment projects.
- Data-driven campaigns can improve reach, engagement and visibility.
- Its strategic role is to connect entertainment content with audiences through modern marketing approaches.

SURYABHARAT MODELLING & TALENT MANAGEMENT AGENCY

Talent • Modelling • Career Development

Executive Overview : Suryabharat Modelling & Talent Management Agency will identify, develop and professionally represent emerging talent in modelling, entertainment, fashion and related creative fields, subject to appropriate contractual and legal frameworks. The Agency will provide portfolio development, professional grooming, audition preparation and industry exposure. It will help talent understand professional expectations, contracts, branding and career opportunities. Collaborations with designers, production houses, photographers, advertising agencies and event organisations can create opportunities for assignments. The Agency will emphasise professional conduct, transparent engagement and responsible talent development.

Vision & Strategic Purpose

To nurture emerging creative talent and create structured pathways towards professional opportunities.

Core Areas / Key Focus Areas

• Talent identification
• Modelling
• Portfolio development
• Grooming
• Audition preparation
• Talent representation
• Industry networking
• Career development

Unique Value Proposition / Strategic Role

- The agency provides professional representation, development and opportunities for emerging creative talent.
- It can work with models, actors, presenters, influencers and other performers.
- Services may include portfolio development, grooming, auditions, assignments and career guidance.
- The agency promotes professionalism, ethical practices and responsible talent management.
- It can connect talent with fashion, advertising, media and entertainment opportunities.
- Its strategic role is to nurture and professionally manage emerging creative talent.

Podcasts • Digital Media • Knowledge & Conversations

Executive Overview : Suryabharat Podcast & Digital Media Network will create and distribute audio and video content featuring conversations, interviews, expert insights, educational programmes and contemporary topics. The Network will provide a platform for educators, entrepreneurs, professionals, artists, policymakers and thought leaders to share knowledge and perspectives. Content may cover education, business, technology, culture, careers, entrepreneurship and society. Professional production and digital distribution will support quality and audience reach. The platform will encourage meaningful conversations rather than purely promotional content. It will also provide opportunities for students and emerging creators to gain practical media experience.

Vision & Strategic Purpose

To create a credible digital platform for knowledge, conversations, storytelling and expert perspectives.

Core Areas / Key Focus Areas

• Podcasts
• Video interviews
• Expert conversations
• Educational content
• Digital broadcasting
• Creator development
• Thought leadership
• Digital distribution

Unique Value Proposition / Strategic Role

- The Network develops and distributes podcasts, interviews, discussions and digital-media content.
- It can provide platforms for experts, entrepreneurs, educators, artists and thought leaders.
- Content can cover business, education, technology, culture, society and contemporary issues.
- Digital distribution enables wider audience reach and continuous engagement.
- The platform encourages knowledge sharing, dialogue and diverse perspectives.
- Its strategic role is to build a contemporary digital-media and thought-leadership platform.

News • Knowledge • Current Affairs • Public Dialogue

Executive Overview : Suryabharat Times is envisioned as a media and information platform covering developments in education, business, technology, society, culture and other areas of public interest. The platform will aim to present informative, responsible and engaging content across digital and other suitable formats. It may include news features, interviews, expert perspectives, opinion pieces, institutional developments and special reports. Emphasis will be placed on factual reporting, responsible communication and diverse perspectives. The platform can also provide opportunities for young writers, journalists and media learners to develop content and communication skills. Its broader role will be to support informed public dialogue.

Vision & Strategic Purpose

To provide credible, informative and engaging content that contributes to informed public understanding and dialogue.

Core Areas / Key Focus Areas

• News and features
• Current affairs
• Interviews
• Business news
• Education coverage
• Technology
• Culture and society
• Digital journalism

Unique Value Proposition / Strategic Role

- Suryabharat Times is envisioned as a digital and knowledge-oriented media platform for news, views and information.
- It can cover education, business, technology, culture, community initiatives and emerging developments.
- The platform can provide space for informed articles, interviews, features and expert perspectives.
- Digital-first formats can enable timely and accessible communication.
- Responsible editorial practices and credible information can guide its development.
- Its strategic role is to create a distinctive communication and information platform under the Suryabharat identity.

Achievements • Recognition • Documentation

Executive Overview : Suryabharat World Records will provide a platform for documenting, recognising and promoting exceptional achievements, innovative accomplishments and distinctive records, subject to transparent verification and appropriate standards. The initiative may cover achievements in education, culture, sports, innovation, social service, entrepreneurship and other fields. It will develop structured processes for submissions, verification, documentation and recognition. Record-related events and publications may showcase remarkable accomplishments and inspire wider participation. The platform will emphasise credibility, fairness and responsible recognition. It will also encourage individuals and organisations to pursue meaningful achievements that create positive social or professional impact.

Vision & Strategic Purpose

To recognise and document exceptional achievements while inspiring individuals and organisations to pursue excellence.

Core Areas / Key Focus Areas

• Record submissions
• Achievement verification
• Recognition programmes
• Documentation
• Record events
• Publications
• Excellence promotion
• Achievement showcases

Unique Value Proposition / Strategic Role

- The initiative can document, recognise and promote notable achievements, accomplishments and exceptional milestones.
- It can provide a platform for individuals, institutions and organisations to showcase outstanding achievements.
- Structured documentation and verification processes can strengthen credibility.
- The initiative can encourage excellence, innovation, creativity and community participation.
- It can also create opportunities for events, recognition programmes and record-related content.
- Its strategic role is to celebrate achievement and create a distinctive platform for recognition.

SURYABHARAT REGIONAL & VERNACULAR CONTENT STUDIO

Regional Languages • Digital Content • Cultural Storytelling

Executive Overview : Suryabharat Regional & Vernacular Content Studio will create high-quality content in Indian regional and vernacular languages across digital, educational, cultural and entertainment formats. The Studio will support storytelling that reflects local communities, traditions, knowledge and contemporary experiences. Content may include videos, podcasts, articles, educational resources, documentaries and social media formats. Collaboration with regional creators, writers, artists and subject experts will strengthen authenticity. Technology-enabled production and digital distribution will help regional content reach wider audiences. The Studio will contribute to preserving linguistic and cultural diversity while creating new opportunities for regional creators.

Vision & Strategic Purpose

To promote Indian languages, regional creativity and cultural storytelling through contemporary digital media.

Core Areas / Key Focus Areas

• Regional-language content
• Vernacular media
• Cultural storytelling
• Digital content
• Educational content
• Regional creators
• Translation and localisation
• Digital distribution

Unique Value Proposition / Strategic Role

- The Studio develops content in Indian regional and vernacular languages for diverse audiences.
- It can create educational, cultural, entertainment and digital-media content in multiple languages.
- The initiative promotes linguistic diversity and wider accessibility to knowledge and information.
- It can support creators, writers, translators, artists and regional storytellers.
- Digital platforms can expand the reach of local content to national and global audiences.
- Its strategic role is to preserve, promote and commercially leverage India's rich linguistic and cultural diversity.

Public Relations • Corporate Reputation • Strategic Communication

Executive Overview : Suryabharat Public Relations & Corporate Communications will provide strategic communication services to organisations seeking to strengthen their public image, stakeholder engagement and communication effectiveness. The venture will support corporate communications, media relations, content development, public announcements, institutional communication and reputation management. Communication strategies will be aligned with organisational objectives and stakeholder needs. It may also provide crisis communication preparedness and leadership communication support. Training programmes can strengthen communication capabilities within organisations. The venture will emphasise accuracy, professionalism, consistency and responsible communication across channels.

Vision & Strategic Purpose

To help organisations communicate with clarity, credibility and strategic purpose across stakeholder groups.

Core Areas / Key Focus Areas

• Public relations
• Corporate communications
• Media relations
• Reputation management
• Content strategy
• Leadership communication
• Crisis communication
• Institutional communication

Unique Value Proposition / Strategic Role

- The venture provides strategic communication services for institutions, businesses and organisations.
- It can support media relations, corporate communications, reputation management and stakeholder engagement.
- Content strategy and digital communication can strengthen organisational visibility and credibility.
- The platform can manage communication during campaigns, events and significant organisational initiatives.
- Its strategic role is to help organisations build stronger brands, relationships and public presence.

SURYABHARAT BEAUTY, WELLNESS & COSMETOLOGY ACADEMY

Beauty • Wellness • Cosmetology Skills

Executive Overview : Suryabharat Beauty, Wellness & Cosmetology Academy will provide professional education and skill development in beauty, wellness and cosmetology. Training may cover skincare, haircare, makeup, salon services, personal grooming, wellness practices and emerging beauty technologies. Practical, hands-on learning will be central to the programmes, supported by professional standards and industry exposure. The Academy will create pathways for employment, entrepreneurship and independent practice, subject to applicable requirements. It will also encourage continuous upskilling and awareness of contemporary trends in the beauty and wellness industry. Through professional training and entrepreneurship orientation, the Academy will contribute to a growing service sector

Vision & Strategic Purpose

To develop skilled and confident beauty and wellness professionals with opportunities for employment and entrepreneurship.

Core Areas / Key Focus Areas

• Cosmetology
• Beauty services
• Haircare
• Skincare
• Makeup
• Personal grooming
• Wellness
• Beauty entrepreneurship

Unique Value Proposition / Strategic Role

- The Academy provides professional education and practical training in beauty, wellness and cosmetology.
- Programmes can cover skincare, haircare, makeup, wellness and contemporary beauty services.
- Hands-on training and industry exposure can develop employment-ready skills.
- The Academy can support entrepreneurship and independent professional practice.
- It can also integrate modern technologies, trends and professional standards.
- Its strategic role is to create skilled talent for the growing beauty, wellness and personal-care industry.

SURYABHARAT COSMETICS & PERSONAL CARE ENTERPRISES

Personal Care • Beauty Products • Innovation

Executive Overview : Suryabharat Cosmetics & Personal Care Enterprises will explore the development, sourcing, marketing and distribution of cosmetics, personal-care and wellness products in accordance with applicable regulatory requirements. The venture will focus on quality, consumer needs, product innovation and responsible branding. Opportunities may include skincare, haircare, grooming, personal hygiene and wellness-oriented products. Research and market insights can support product development and portfolio expansion. The venture will emphasise product safety, transparent information and regulatory compliance. Through contemporary branding and customer-focused product development, it will explore opportunities in India's expanding personal-care market.

Vision & Strategic Purpose

To develop and offer quality personal-care and beauty products that respond to evolving consumer needs.

Core Areas / Key Focus Areas

• Cosmetics
• Skincare
• Haircare
• Personal care
• Grooming products
• Product development
• Brand development
• Market distribution

Unique Value Proposition / Strategic Role

- The venture focuses on opportunities in cosmetics, personal care and lifestyle products.
- It can explore product development, branding, distribution and technology-enabled consumer engagement.
- The portfolio can include innovative and responsibly developed personal-care offerings.
- Quality, safety, compliance and consumer awareness remain important priorities.
- The venture can create opportunities for entrepreneurship and market-oriented product innovation.
- Its strategic role is to participate in India's expanding beauty, wellness and personal-care economy.

SURYABHARAT MARRIAGE BUREAU

Marriage Services • Matchmaking • Trusted Connections

Executive Overview : Suryabharat Marriage Bureau will provide a structured platform for individuals and families seeking suitable matrimonial connections. The service will facilitate profile registration, matchmaking and communication based on preferences and information voluntarily provided by participants. Emphasis will be placed on privacy, respectful interaction and responsible handling of personal information. Technology-enabled matching may improve search and communication while retaining human guidance where appropriate. The service will cater to diverse communities and professional backgrounds while respecting individual and family preferences. Its objective is to create a trustworthy and organised environment for people seeking meaningful matrimonial relationships.

Vision & Strategic Purpose

To facilitate respectful, transparent and trusted matrimonial connections through a structured and professionally managed platform.

Core Areas / Key Focus Areas

• Matrimonial profiles
• Matchmaking
• Profile management
• Family interaction
• Digital matchmaking
• Counselling support
• Privacy-conscious services
• Matrimonial events

Unique Value Proposition / Strategic Role

- The venture provides a structured platform for individuals and families seeking suitable matrimonial matches.
- It can facilitate profile registration, introductions and relationship-oriented support.
- The service can combine traditional matchmaking with modern digital tools.
- Privacy, consent, transparency and responsible handling of information are essential to its operations.
- The platform can provide a professional alternative to informal matchmaking channels.
- Its strategic role is to offer a trusted and organised community-based matrimonial service.

SURYABHARAT SENIOR CITIZENS' COMMUNITY & CARE CENTRE

Senior Care • Community • Active Ageing

Executive Overview : Suryabharat Senior Citizens' Community & Care Centre will provide opportunities for social engagement, wellbeing, learning and supportive services for senior citizens. The Centre will encourage active ageing through recreational, educational, cultural and wellness activities. It may provide day-care, community programmes, digital literacy, health-awareness sessions and opportunities for social interaction. Families may receive information and coordination support related to senior-care needs. The Centre will promote dignity, independence and meaningful participation rather than viewing ageing only through a care perspective. Through a supportive community environment, it will help senior citizens remain socially connected and engaged.

Vision & Strategic Purpose

To create an inclusive community environment that supports active, healthy, dignified and socially connected ageing.

Core Areas / Key Focus Areas

• Senior citizen activities
• Community engagement
• Active ageing
• Wellness programmes
• Digital literacy
• Recreational activities
• Health awareness
• Family support

Unique Value Proposition / Strategic Role

- The Centre provides a supportive platform for active ageing, social engagement and community wellbeing.
- It can offer recreational, educational, wellness and community activities for senior citizens.
- The Centre can encourage social interaction, lifelong learning and meaningful participation.
- It may also provide access to appropriate care-support and referral services.
- The environment can promote dignity, independence and an active lifestyle.
- Its strategic role is to support healthy ageing and build stronger intergenerational communities.

SURYABHARAT FAMILY & RELATIONSHIP COUNSELLING CENTRE

Family Wellbeing • Relationships • Counselling Support

Executive Overview : Suryabharat Family & Relationship Counselling Centre will provide professional counselling support to individuals, couples and families dealing with relationship, communication and life-transition challenges. Services will be delivered by appropriately qualified professionals and will emphasise confidentiality, respect and non-judgmental support. Counselling may address communication difficulties, family relationships, interpersonal concerns, premarital preparation, parenting and adjustment-related issues. The Centre will also conduct life-skills and relationship-awareness programmes to promote healthier communication and understanding. Where specialised intervention is required, appropriate referrals may be facilitated. Its broader objective is to strengthen family wellbeing and constructive relationships through professional support and awareness.

Vision & Strategic Purpose

To promote healthier relationships, effective communication and family wellbeing through professional and responsible counselling support.

Core Areas / Key Focus Areas

• Family counselling
• Relationship counselling
• Premarital counselling
• Communication skills
• Parenting support
• Life skills
• Family wellbeing
• Professional referrals

Unique Value Proposition / Strategic Role

- The Centre provides a supportive and professional platform for family and relationship-related guidance.
- It can address communication, interpersonal relationships, family dynamics and life transitions.
- Qualified professionals can provide appropriate counselling within their professional scope.
- The Centre promotes constructive communication, mutual understanding and healthier relationships.
- Its strategic role is to contribute to stronger families, healthier relationships and community wellbeing.
